2.1-Legislative Update–M. Zaragoza-Diaz stated that California Together is “oppose” on the Governor’s Local Control Funding Formula (LCFF) proposal. Essentially, the LCFF does not target supplemental funds nor concentration funds on English Learners and includes a 5 year cap of supplemental funding for ELs. These two provisions are not included in the current EIA law. Rather current law for the EIA targets funding for ELs and economically disadvantaged students, ensure that funding cannot be used by districts to replace/substitute general fund/revenue limit funds (inclusion of supplant language) and the EIA does not contain a 5 year cap on funding for ELs. M. Zaragoza-Diaz is recommending 1. CABE approve the letter opposing the LCFF proposal for approval by the Board. If approved, the letter will be forwarded to key Legislators immediately. 2. Meet with your Legislative representatives (Senator and Assembly Member) to educate them on the LCFF and how it does not help ELs and low-income students.
