About CABE

CABE is a statewide advocacy organization, formed in 1975, with members, chapters and affiliates across the state. We firmly believe that ALL students have the right to be bilingual. CABE focuses on the needs of the 1.4 million English Learners in the state of California. Learning bilingually accelerates and sustains academic progress while ensuring that English Learners attain high standards as they prepare to be 21st century citizens. As an organization, we support ongoing research, planning, and learning to guide our social movement for equitable instructional programs and practices. We work with partner organizations to influence program development and policy through the advocacy and legislative process.
