Over the next months boards of education and organizations can support the passage of Proposition 58—LEARN, a ballot initiative on the November 2016 ballot that will support the continued teaching of English in our schools, open the avenues to multilingual education, for all students and amend parts of Proposition 227. Proposition 58—LEARN is a result of a bipartisan vote in the Legislature sponsored by Senator Ricardo Lara (originally known as the Ed.G.E. Initiative.)

Proposition 58 gives school districts more local control, weaving the process into the Local Control Funding Formula’s procedures and removing costly mandates including the current expensive waiver requirement. A more detailed summary of the Initiative’s provisions is included in this packet.

We want to provide our students with the highest quality education and prepare them for college and careers. Proposition 58 supports English instruction for all students and provides schools and parents with a broader opportunity to offer multilingual programs and prepare our students with the global skills they need for success in the 21st century global economy. A recent UCLA study found that two-thirds of employers preferred to hire a bilingual employee over a similarly skilled non-bilingual employee.

The California Teachers Association (CTA), the Association of California School Administrators (ACSA), the California Schools Boards Association (CSBA), the California Latino School Boards Association (CLSB), the Los Angeles Chamber of Commerce, United Teachers of Los Angeles (UTLA), California PTA (Parent Teachers Association), CABE, Californians Together, numerous individual school districts and public officials currently support Proposition 58.

Extensive research has shown that students who choose to participate in multilingual programs attain high levels of academic achievement, including English and other language proficiency.

This packet contains a sample resolution that can be tailored or modified to meet the needs of your community, organization or school district. Instructions and options on how to get a board resolution passed are also included. When meeting with leaders in your community or district, feel free to use the talking points and background information.

Please forward all adopted resolutions to Michelle Henry at michelle@mwhconsult.com and Shelly Spiegel-Coleman at CABEPAC2016@gmail.com.
Why do we need Prop 58?

Under our current system, too many California students are being left behind and not given the opportunity to learn English with the most effective teaching methods possible.

This is because of an outdated nearly 20-year-old law, Prop 227, which restricts the instructional methods school districts can use to teach English. This old law also limits the ability of English-speaking students to participate in language immersion programs.

Prop 58 amends the law to ensure all students can learn English quickly as possible.

It’s time to remove barriers to learning for all students by supporting Prop 58!

Prop 58 Expands Opportunities for English Speakers to LEARN a Second Language

The California Department of Education reports that only 312 out of 10,393 schools offer multilingual programs.

Prop 58 removes barriers to school districts offering language immersion programs.

Prop 58 encourages school districts to provide effective instruction so native English speakers can become proficient in a second language.

Prop 58 Helps Students LEARN English as Quickly as Possible

Prop 58 requires schools to offer a structured English immersion program to English learners, based on what teachers and parents agree are the most effective instructional methods for those students.
Prop 58 Helps Students LEARN to Compete in a Global Economy

Students with a strong proficiency in English who also speak another language are better prepared to compete in the global workforce. The advantages of being multilingual include higher paying jobs, increased creative thinking and being more connected to work and community.

Extensive research has shown that students who choose to participate in multilingual programs attain high levels of academic achievement, including English and other language proficiency. In fact, they repeatedly demonstrate greater achievement and higher scores than English-only students.

Prop 58 Restores Local Control to our Schools & Gives Parents a Bigger Voice

Prop 58 eliminates decades-old legal restrictions imposed on local school districts, allowing them to choose the most effective language instruction methods to help our students learn.

Prop 58 gives parents the ability to choose a language acquisition program that best suits their child. Parents must be consulted when the school district decides on the language courses it will offer. Parents can also join with other parents to request a specific language instruction program at their school.

Prop 58 Has Broad-Based Support From Local School Districts, Educators, Parents and Employers

Giving local schools the tools they need to help students learn is not a partisan or political issue. Prop 58 was placed on the ballot by a bi-partisan vote of the legislature.

Support for Prop 58’s common-sense reforms to improve language instruction in our schools is broad-based and includes:

- Local school boards (the California School Boards Association)
- Teachers (the California Language Teachers Association, the California Teachers Association, the California Federation of Teachers)
- Parents (California State PTA)
- Employers (including the San Jose/Silicon Valley and Los Angeles Chambers of Commerce)

Vote YES on Prop 58 to help our students LEARN!
HOW TO ADOPT A SCHOOL BOARD RESOLUTION
TO SUPPORT PROPOSITION 58

1. For current school board members, the attached resolution and talking points are provided to support your effort to bring a resolution before your board. CSBA has recently adopted as SUPPORT position for Proposition 58: https://www.csba.org/Advocacy/LegislativeAdvocacy/BallotInitiatives.aspx

2. For educators and community members the following options are suggestions on how to bring a resolution to a local board of education.

   • Develop the language for the resolution keeping in mind the members who are going to vote on the resolution. Use the sample resolution in these materials and then look at the talking points to see if adding any other language might be more persuasive for your community.

   • Once the language of the resolution is finalized you can either take it to a school district cabinet member or a school board member asking them to place it on the agenda for the next school board meeting.

   • Another option is to work with a group in your community and present the resolution at a school board meeting during public comment, asking the board to put the resolution on the agenda and to take a vote in support.

3. The goal is to have the resolution passed by the August or September board meeting.

   Send copies of adopted resolutions to: Michelle Henry at michelle@mwhconsult.com and Shelly Spiegel-Coleman at mailto: CABEPAC2016@gmail.com
Sample SCHOOL BOARD Resolution in Support of Proposition 58

WHEREAS: The Board of Education for the _________________________ believes that a world class, 21st Century education must provide every student with the highest quality education, including effective language acquisition programs ensuring all pupils become English proficient and encouraging all students, including English speaking students, to learn a second language.

WHEREAS: California employers across all sectors, both public and private, are actively recruiting multilingual employees because of their ability to forge stronger bonds with customers, clients, and business partners; and

WHEREAS: All California school children have the right to an equal opportunity to advance and excel in all subjects, including the opportunity to develop fluency and literacy in the English language and;

WHEREAS: Passage of Proposition 58 will provide all School District stakeholders with more flexibility and greater choices concerning the education of all students and greater opportunity for all students to access innovative language programs and;

WHEREAS: Proposition 58 was placed on the November 8, 2016 general election ballot as a result of bipartisan action by the Legislature; and

WHEREAS: Proposition 58 gives school districts greater local control in devising programs for their students to improve their mastery of English as well as of one or more languages in addition to English; and

WHEREAS: Proposition 58 is consistent with our dedication to improving student outcomes and our policy to produce graduates with skills which prepare them for college and career in our 21st century global economy;

THEREFORE, Be It RESOLVED that the Board of Education of the _________________________ SCHOOL DISTRICT endorses and supports the passage of Proposition 58 on the November 8, 2016 General Election Ballot.

NAME(S)
POSITION(S)
Private schools and schools around the globe have made major advancements implementing new technology and multi-language proficiency in the classroom, giving their students an edge in the global economy. But public schools in California have fallen behind.

That’s why we need The Language Education, Acquisition and Readiness Now (LEARN) Initiative. This solution, passed by the legislature with bipartisan support and signed by Governor Jerry Brown, and supported by educators and the business community, will appear on the November 2016 ballot.

The LEARN Initiative advances California’s goals:

- Highest quality education for all children
- Access to high-quality, innovative, research-based programs
- Better prepare students for college and careers in the global economy
- Gives more control to school districts over educational curriculum
- Empowers parents, teachers, and local schools to meet the needs of students

Yes, you may list me/my organization as SUPPORTIVE of the LEARN Initiative.
