WESTIN HOTEL - THIRD LEVEL
Dear CABE 2019 Participants:

On behalf of the CABE Board of Directors, it is my pleasure and honor to welcome you to Long Beach for CABE 2019! Our theme this year, “Imagine, Inspire, Ignite—Multilingualism for All!” celebrates the victories and accomplishments we have made in California to support biliteracy and multilingual programs in our schools. The doors are wide-open, and policy is in place to support the expansion of multilingual programs throughout California!

Since we were together last year in Sacramento, much has evolved in our state's political and educational landscape. We have elected a new State Superintendent of Public Instruction who is bilingual and supports multilingualism in our schools. We have a new governor who is shining a spotlight on early education programs, and state education code and policies have been updated and approved for the full implementation of Proposition 58. The English Learner Roadmap continues to move forward, and we are seeing districts diving deep into its implementation and alignment. Global California 2030 was launched in the spring of 2018 setting clear goals for California to truly become a state that expands multilingual programs in all districts. There is momentum in our state to provide all students, and particularly English Learner students, with opportunities to learn and thrive in a biliteracy/multilingual school setting!

We recognize, as well, that we are facing challenging times that directly impact our students at the national, state, and local levels. Our communities are faced with threatening immigration policies, an emphasis on walls and barriers, unending pressure on students and families of diverse backgrounds, the continuation of inequitable systems and approaches for youth of diverse racial, linguistic, and cultural backgrounds, and an unsettled sense regarding safety and acceptance.

Together, collectively, as a CABE familia, I call on us to stand together as a strong education community, a cross-border community of friends, colleagues, and advocates to exemplify the value and richness we see in each student’s life. I call on us to support our families and communities with compassion and kindness, and celebrate language and multiculturalism, in our schools, in our homes, and in our communities. I call on us to imagine, inspire, and ignite and feel the power and innovation we have, collectively and individually, to impact students’ lives, to push back on inequitable systems, and to identify and put into action the types of policies—local, state and national—that can empower and make a direct difference in our schools and communities.

During CABE 2019, I invite you to look for messages that allow us to imagine the limitless ways we can support and impact our students. Look for evidence of how CABE is advocating for the types of policy and practices that inspire us all to make a difference through legislation, state board of education actions, and collaboration with the California Department of Education. Look for ways that we can passionately ignite systems and approaches that promote inclusivity, engagement and co-empowerment through the English Learner Roadmap, the vision of multilingualism and the belief in the possibilities for each and every student.

I stand with you to continue to advocate and make a difference—for multilingualism and for equity for all! Bienvenidos and welcome again to CABE 2019!

Elodia Ortega-Lampkin
CABE Board President
Dear CABE Familia:

It is such a pleasure to welcome you to CABE 2019—¡Bienvenidos! CABE 2019 is our 44th annual conference, and in the tradition of the past forty-three conferences, we come together as educators, parents, leaders, students, and community members to celebrate and work towards the success of our biliteracy and English Learner programs. CABE 2019 has so much to offer, and we are so glad you are here with us!

The theme for CABE 2019 is Imagine, Inspire, Ignite—Multilingualism for All! I love the visual imagery that this year’s theme creates—bold, visionary, full of color, creative, inviting, burning with the passion for multilingualism! We all know, don’t we, the force and power being bilingual brings and the impact we create when we are open to learn in multiple languages and cultures. It draws on our imaginations, inspires us to think and create in ways we never knew were possible, and ignites a fire within each of us to share the beauty and richness of being bilingual and biliterate!

We come together at CABE 2019 feeling a sense of growth and movement in our state that counters the tense national dialogue. We have a new governor who is a strong advocate of education from early childhood to the university levels, a new state Superintendent of Public Instruction who is both bilingual (in Spanish) and is a great supporter of biliteracy programs. State leaders have implemented policies that support our immigrant students and families and others in need. The momentum for continuing to deepen the implementation of the English Learner Roadmap and to build and expand multilingual programs in our global California is stronger than ever! Thanks to the commitment, vision, time, hard work and inspiration of educators, parents, community members and students, we know we will continue to make great strides to put these powerful policies into practice.

The CABE annual conference has been a place for over four decades where educators and community members come to charge their batteries, to feel connected, to refuel their professional tool bag, to build a sense of rejuvenation and to stand together with fellow educators and community members in support of our students and families of richly diverse cultural, racial and linguistic backgrounds. We have planned CABE 2019 to be just that type of experience for you!

CABE, more than ever, is committed to its vision of Biliteracy, Educational Equity and 21st Century Success for All. That vision includes providing a safe and secure place to come together to learn, share our stories, celebrate our diversities, and be motivated to unite to support and defend the uniquely diverse student and community populations we serve in our schools daily.

There are a few things I would like to ask as you embark on these powerful four days:

• Become a CABE member and join an amazing network of educators;
• Stop by the CABE booth in the Exhibit Hall to learn about our vast offerings and resources for parents and educators;
• Connect to CABE through Facebook and Twitter—you will see photos and updates from this week’s conference and can keep up-to-date with the latest news and resources;
• Visit the Exhibit Hall each day and show our exhibitors and sponsors that we appreciate their commitment towards providing linguistically and culturally appropriate materials;
• Be attuned to how you can make your voice heard through Legislative Action—what happens in Sacramento and Washington DC impacts you in the classroom and in your community;
• Stay connected—with each other and with CABE—we are a powerful and supportive familia!

On behalf of Team CABE, welcome to CABE 2019! I look forward to spending this week with you!

Jan Gustafson-Corea
CABE CEO

General Policy
Welcome to CABE 2019! We are so glad you are here! The Planning Committee, Board of Directors, Staff, and Conference Sponsors have made every effort to make your attendance comfortable and rewarding. To ensure that the conference runs smoothly, please observe the following guidelines:

- Conference Registration Name Badges must be worn at all times to gain admission to conference sessions and activities, including the Exhibit/Career Fair Hall.
- As a courtesy to presenters and audiences, please plan on arriving on time and staying for the full session. Be sure to turn off all mobile phones while inside workshops and general sessions.
- Smoking is not allowed indoors at any of the conference facilities.
- If a sign is posted stating “Session is Full,” for the safety of all, please do not enter that session.
- If you need assistance or have questions, please contact any member of the planning committee or staff. We will do all we can to make your conference enjoyable.
- The Exhibit Hall and some workshop sessions will require you to “tap” your name badge upon entry at the CABE 2019 “Tap N Go” stands.

CABE Membership
Make sure your membership is up-to-date! Membership entitles you to reduced registration fees, entrance to the Membership Reception on March 20, 2019 at the Hyatt Regency Long Beach, Hyatt Regency Ballroom. Discounts are also available on CABE publications and merchandise throughout the year. As a member, you may also elect to receive Language Magazine at a discounted rate and receive updates on current legislation and issues concerning bilingual education and the education of English Learners.

CABE 2019 Conference Registration Badges
- All pre-registered attendees will pick up their badges from the Registration Kiosks in the First Level of the Long Beach Convention Center
- Name badges must be worn for admittance to all conference events, workshops and exhibits.
- Requests for replacement of badges and event tickets, for any reason, prior to or during the conference will be charged at the original full price of the registration. This policy will be strictly enforced – no exceptions will be made.
- CABE 2019 name badges contain your contact information electronically, so that they may be scanned by exhibitors and used at all “Tap-n-Go” entry stations.

Registration Area—First Level, Long Beach Convention Center
- If you are pre-registered, please pick up your badge at the indicated kiosks on the First Level of the Long Beach Convention Center
- If you are not pre-registered for the conference, please proceed to the CABE Registration Counters located on the First Level of the Long Beach Convention Center. All participants are required to be registered and to display their registration badges for admittance to all conference sessions, activities and exhibits.

University Credit through Loyola Marymount University
You can earn university credit while participating at CABE 2019. For university credit requirements and registration information, please go to the University Credit booth on the First Level of the Long Beach Convention Center, sponsored by Loyola Marymount University. Registration and payment of fees can be made on-site at the University Credit booth.

Note: Participants must register for university credit prior to attending any workshops or institutes that will be utilized to earn university credit.
Parent Center
All parents attending CABE 2019 are invited to come by The Rosalía Salinas Parent Center, located in Room 104A at the Long Beach Convention Center, where experienced, bilingual staff and conference volunteers will be available to assist parents in using the program and making choices that best meet their needs. See the conference program for specific times of orientations and other activities.

First time at CABE?
Conferences can be a perplexing experience for first-timers. We offer a New Attendee Orientation each day to provide support and guidance to make CABE 2019 a rich and rewarding experience. Orientations take place on the following:
- Wednesday, 11:00 am Room 103C
- Thursday, 7:30 am, Room 103C
- Friday, 7:30 am, Room 103C

Special Events
Tickets were available for advance purchase for the various luncheons, banquets, and receptions. Tickets may still be purchased on-site; however, due to limited capacity, tickets for all events may not be available. Please inquire in the registration area.

Interpretation
Interpretation in Spanish and other languages requested during registration is provided at all General Sessions, Luncheons and selected featured speaker sessions that are listed in the program. Interpretation headsets are available for check-out prior to entering events. A form of identification (e.g., a driver’s license, ID card, etc.) is necessary to check-out equipment. Workshops presented in languages other than English are noted in the workshop descriptions.

School Site Visits
Visits to a variety of exemplary bilingual education and other programs for English Learners will be available on Wednesday, March 20, 2019. Participants must be pre-registered and check-in at the First Level of the Long Beach Convention Center at 7:30 am. After checking in, buses will depart from the driveway of the Long Beach Convention Center and return by 2:00 pm. You must be pre-registered to participate.

Welcome to Long Beach!

We are proud to be the host city for the California Association for Bilingual Education’s 2019 Conference. Long Beach is a city that truly believes in the mission of your organization to promote bilingual and quality education for all students.

The Long Beach College Promise was created through a partnership with the Long Beach Unified School District, Long Beach City College, and California State University, Long Beach to ensure that every Long Beach student will have the opportunity to pursue their college dreams. Our program is being used as a template by school systems across the country.

While you are in Long Beach to meet, network, learn new skills and discuss topics that are important to the goals of CABE, please take some time to discover all that Long Beach has to offer.

You will enjoy Long Beach’s wide range of cultural and ethnic diversity, which makes our city an eclectic and vibrant experience for both residents and visitors. Within an 8-block area around our Convention Center, you will find shopping venues, attractions, entertainment, nightlife, and more than 130 quality restaurants serving cuisines from around the globe, all just steps away.

Be sure to visit some of Long Beach’s major attractions: the Queen Mary, Aquarium of the Pacific, Shoreline Village and The Pike Outlets at Rainbow Harbor. But Long Beach is much more than just its downtown. You will also discover the East Village Arts District, Belmont Shore, Naples Island, Alamitos Bay, and 4th Street’s Funky Retro Row. Long Beach also offers four fine museums, two historic Spanish-era ranchos, dozens of distinctive neighborhoods and miles of beautiful beachfront, inland waterways and bays.

We are pleased to host CABE 2019 in Long Beach, and we wish you a successful and productive conference.

Sincerely,

Mayor Robert Garcia
City of Long Beach

CABE is honored to recognize visual artist Sandra Silberzweig as the CABE 2019 artist.

“Art is Healing...Healing is an Art”

Sandra Silberzweig was born and raised in Toronto, Canada in the 1960s and divides her time between Toronto and the Niagara Wine Region area. She is a contemporary painter of Visionary Outsider Art and has been painting all her life. University educated in the Arts, but self-taught in painting, Silberzweig has explored the many facets of the Fine Arts industry. She has been involved in teaching art and writing about it, and selling her art online and at galleries locally and internationally.

Silberzweig’s artistic style reflects her lifelong struggle with many various forms of synesthesia, a condition which can be debilitating at times due to its involuntary sensory overload. It is a neurological phenomenon, and still remains a complex and mysterious disorder. Ironically, this condition formed the basis of her creativity, thus allowing the viewer a unique glimpse into her labyrinthine world of layered visions and intensely colorful dreams. She is inspired by primitive figurative images, sacred powerful goddesses and animals, and both tribal and spiritual symbolism, which form the basis of her subjects.

“When you are a synesthesia goddess, your daydreams are always in color. I am a synesthesia goddess. I have no fear of color. It lives in my soul, dances in my heart. Spills out of my fingers flowing down a canvas. I can see your aura. Taste the color black. Feel the chill of the green wind. Smell blue butterflies. Hear the yellow rain. Life is never boring when inspiration is always around.”

Silberzweig continues to research the state of synesthesia. Her goal is to educate others, especially children who might not recognize that they possess this extraordinary gift of inner vision and another sense. Some educators may confuse the child’s perception as a learning disability or claim they have an over active imagination. As a result, these labels could hinder the student’s confidence and self-image.

“Art is processed in my mind’s eye, then experienced on all sensory levels: sound, sight, touch, smell, and taste. This is the way art is communicated to me, appearing somewhat psychedelic, in a dreamlike state, entering my aura or personal space in images on different levels in space, or physical sensations like gentle flutters or a bumpy car ride. The objective is to have fun and experience another way of sensing the world around you.”

She remains a favorite among teachers and educators who have taught and lectured about her artistic style to their students.

Dear CABE 2019 Conference Participants:

It is our great pleasure to welcome you to the CABE 2019 Conference! This year’s theme, “Imagine, Inspire, Ignite-Multilingualism for All” resonates for us all during this time in the California education landscape. As Honorary Chairs and Co-sponsors, we are grateful to the City of Long Beach, for their support as host city. We are fortunate to partner with educators, school leaders and school community leaders to share space with over 6 million residents, in a city rich in language and culture. We are also proud to partner with the California Association for Bilingual Education in support of English Learners and multilingual programs in our districts and schools.

The CABE 2019 Conference is an opportunity to collaborate, learn from one another and share our expertise as we commit to meet the educational needs of all students. As CABE partners, we aim to support programs, and implement priorities, initiatives, and services targeted and designed to dramatically increase California’s capacity to create safe, culturally and linguistically diverse and competent 21st century learning environments for all students. Together we celebrate accomplishments, such as the passing of Proposition 58/the EDGE Initiative, California’s new English Learner Roadmap policy and the commitment to the education of English Learners, and join past Superintendent of Public Instruction Tom Torlakson’s call to action for multilingual programs in our schools, known as Global California 2030.

When teams of educators believe they have the ability to make a difference, exciting things can happen in a school. Thank you for joining us at this year’s CABE 2019 Conference. Collectively we can Imagine, Inspire, and Ignite to raise the level of our work and improve student achievement.

Thank you for joining us.

Respectfully,

CABE 2019 Honorary Chairs
Dear CABE 2019 Conference Participants:

As Co-Chairs for this year’s California Association for Bilingual Education (CABE) Conference, we welcome you to beautiful Long Beach, California for the 44th Annual CABE 2019 Conference. Our 2019 Theme is “Imagine, Inspire, Ignite – Multilingualism For All.” We are honored that our school districts have participated actively in the CABE 2019 Planning Committee and have played a key role in planning this year’s conference. We know that by coming together and sharing this four-day experience, we will be ignited and inspired to work towards a future that we aspire to imagine, where multilingualism is part of life for all.

Every year, the CABE conference hosts educators, administrators, para-educators, parents and students from California and beyond. This year, we are expecting to have more participants than ever before! Get ready to network, to collaborate and to learn from each other! You will be ignited and inspired by the passion that is shared by all participants in ensuring the best opportunities for our students. Through the workshops, keynotes, and experts in the field, you will also imagine what is possible, and learn how to fulfill the vision of Global California 2030, Proposition 58, and the English Learner Roadmap, ensuring students achieve high levels of English proficiency, mastery of grade level standards, and opportunities to develop proficiency in multiple languages. The future is now and CABE has worked diligently to create the prime conditions, legally, politically, and educationally to implement what we could only imagine a few years ago.

Come join us to “Imagine, Inspire, Ignite – Multilingualism For All.” This conference will be better equipped to use our passion to ignite and inspire our students and their families through the best 21st century education possible. Together, we will create what we imagine and thrive in multilingual schools, multilingual communities, and fully participate in California’s Global experience.

Again, welcome to CABE 2019!

Christien Anthony Music

Los Angeles based Christien Anthony Music came to be when co-owners Israel Christien Santiago and Ricky Anthony Jacquez felt the local band scene was missing something and needed a fresh new take on entertainment. With an armory of ultra-talented musicians and vocalists, we threw our hat in the ring with the wedding and corporate party scene and found our niche. It is our feeling that life is full of special moments worth celebrating, and we believe they all deserve the highest quality of performance tailored to whatever the size and taste of the audience.

Our versatile team of musicians has performed with the likes of high-profile artists such as Bruno Mars, Stevie Wonder, Stephanie Mills, Leona Lewis, Nipsey Hussle, 6lack, and Tommy Walker. With our vast background and experience, we strive to provide the utmost level of entertainment to make your event and every memory, monumental.

CALLING ALL CABE CHAPTER LEADERS!

CABE Joint Delegate Assembly 2019

Join us at the CABE 2019 Joint Delegate Assembly (JDA) to gather with other bilingual education leaders and advocates across the state.

This year’s JDA will focus on deepening our knowledge and leadership to support the implementation of the EL Roadmap. Our guest speakers are Dr. Laurie Olsen and Martha Zaragoza-Díaz.

JDA offers you the opportunity to connect directly with CABE Board Members, CABE staff, and the CABE lobbyist, as well as to work collaboratively to strengthen chapter and membership involvement and to positively impact our schools, districts, and communities.

*If you are a CABE Chapter leader or a very active member, JOIN US! ¡UNITE A CABE! Together we can make a difference!*

DUAL LANGUAGE IMMERSION AND BILITERACY AT THE CABE 2019 CONFERENCE AND IN THE CABE ORGANIZATION

CABE 2019 offers a wide variety of institutes, featured speakers, workshops and targeted resources to support Dual Language Immersion (DLI) programs throughout the conference! Please see the table on the following page for a summary of our exciting offerings!

CABE’s vision of biliteracy, educational equity, and 21st century success for all students is at the core of our support for Dual Language Immersion and Biliteracy Programs.

As the field of biliteracy grows, so do the terms and titles we use in the field to describe these programs. Do you ever catch yourself wondering which term to use to describe different programs? CABE recognizes the following terms and titles in our work to support dual language immersion programs that serve English Learners, native Target/Partner language and English speakers:

Programs or classrooms that offer the 90:10 or 50:50 instructional dual language model may be labeled as:

- Dual Language Immersion (DLI)
- Dual Immersion (DI)
- Dual Language Education
- Two-way Immersion/Two-way Bilingual Immersion

For consistency, you will see these programs referred to, in CABE literature, as Dual Language Immersion (DLI). CABE continues to recognize the use of the above terms in literature, research and practice.

Dual Language Learners (DLL): Early Education/Preschool programs have identified students that speak a language other than English at home and are learning English in school as Dual Language Learners (DLL). While this acronym is similar to those above, DLL students may or may not be instructed in a preK dual language immersion program (DLI, DI, Two-Way).

Additional biliteracy programs may also include, but are not limited to: developmental bilingual, transitional bilingual, and one-way immersion

For a fuller description of dual language immersion and biliteracy programs, go to the CABE Resource Center at [http://www.resources.gocabe.org/](http://www.resources.gocabe.org/)

CALLING ALL POETS AND SPOKEN WORD ARTISTS!

Join CABE in our seventh annual multilingual Poetry Slam! Bring something prepared or be ready to ad lib!

Join us at the CABE Plaza inside the Exhibit Hall—each participant will have 2 minutes to share their work, their talents, and their voice! Come and participate or be inspired by the words of others!

Hosted by: Ramona Webb, Spoken Word Poet

Ramona “Mona” Webb is a conservatory-trained artist who writes and performs in “docu-ritual-drama” theater and is currently a graduate student at California Institute of Integral Studies in San Francisco and at Chichester University in Chichester, England, pursuing dual MFA degrees in Theater Performance Making. “How to Catch a Rapist in 12 Parts”, her current work in progress, has recently appeared at Piano Fight Theater, CounterPULSE and Brava Theater in San Francisco. As the Director of The Press Play Poets theater performances and as an artist, Ramona seeks to create new platforms for all avenues of artistic expression in all that she produces. Ramona has competed on the National Poetry Slam circuit for over 15 years.

THE WINNER OF THE CABE 2019 POETRY SLAM WILL BE INVITED TO PERFORM AT THE FRIDAY MORNING GENERAL SESSION.

Director-writer Daniel Sawka’s feature debut tells the story of Óscar (Anthony Gonzalez), a 12-year-old Honduran boy who is forced to flee his home and seek asylum in the United States, only to find himself trapped in the U.S. immigration system. Filmed on location in New Mexico, the film was shot primarily in Spanish with English subtitles.

The Youth Cinema Project is project based learning that produces competent and resilient real world problem-solvers; it bridges the achievement and opportunity gaps by creating lifelong learners and the entertainment industry’s multicultural future. Our program creates social emotional empowerment emphasizing leadership, self-advocacy, and finding one's voice. Our work also develops grit – passion, drive, and resiliency to help students succeed in life.

Four student-created short films will be featured at the CABE 2019 Friday Film Festival. Director and screenwriter, Rafael Agustin, will be present to describe the program and showcase the process used to create filmmakers out of elementary, middle school and high school students.

STUDENT CREATED SHORT FILMS

Elementary:
El Mural (Union Ave)

Middle School:
Stolen Invention (Heninger)
No Hablo Ingles (Pleasant Valley)

High School:
The Sound of Life (Santa Ana)

Popcorn will be served!
As a young man in the 1960s, Ramón “Chunky” Sánchez joined the picket lines in the California fields with César Chávez, demanding justice and better wages. He discovered that music could be a powerful weapon in creating social change, becoming Chávez’s favorite musician. Chunky’s journey is a remarkable lens on a time when young Mexican Americans became Chicanos. Chunky used art to build community, employing humor, honesty and songs to inspire folks to stand up and speak truth to power. His arc of transformation from marginalized farm kid to charismatic activist reminds us that the battle for freedom has to be fought anew by every generation.

Paul Espinosa, an award-winning filmmaker based in San Diego, California, has been involved with producing films for nearly 40 years, specializing in both documentary and dramatic films focused on the U.S.-Mexico border region. His films have been screened at festivals around the world and have won many awards including eight Emmys.

Imagine, Inspire, Ignite — Multilingualism for ALL

Administrative Leadership Symposium

Friday, March 22, 2019 • 10:30 am - 2:30 pm
Long Beach Convention Center - Grand Ballroom A

Moving the EL Roadmap Forward: Building and Implementing the Systems for District-wide Multilingual Programs for English Learners

OPEN TO SCHOOL AND DISTRICT ADMINISTRATORS AND BOARD MEMBERS
Participants who have pre-registered have priority seating. If space allows, other conference attendees are able to register and pay $50 to attend. Lunch is included.

OUTCOMES
- Provide an overview of the district systems needed to support the EL Roadmap in order to design, build and sustain strong effective multilingual programs.
- Build understanding of the role of assessment and accountability, capacity building, and professional development to deepen implementation of the EL Roadmap.
- Learn from districts that are successfully moving the vision of the EL Roadmap forward.
- Consider new landscapes of political leadership to continue building the momentum of multilingual success for English Learners and all students.

DESCRIPTION
The CABE 2019 Administrative Leadership Symposium will provide school board members and district and site leaders with a deeper dive into the English Learner Roadmap Policy approved by the State Board of Education in 2017. The EL Roadmap Policy is intended to assist districts, schools and county offices of education in welcoming, understanding, and educating the diverse population of students who are English Learners attending California public schools.

This year’s symposium will feature a presentation by Dr. Laurie Olsen, co-lead of the EL Roadmap Workgroup, and several school districts and leaders that are making quality advancements in the implementation of the EL Roadmap. Participants will be engaged in reviewing, analyzing and planning for the implementation of the shifts and changes that the EL Roadmap Policy provides and exploring the direct impact it will have in their own schools and districts.

Leadership teams are encouraged to attend together to take advantage of this innovative space for strategizing and planning. Participants will receive access to key information, tools and resources, research, and structures to successfully implement the EL Roadmap in support of effective biliteracy and English Learner programs.

All CABE Members are invited to participate in the Annual Membership Meeting Saturday, March 23, 2019, 9:00 am - 10:00 am at Long Beach Convention Center – Grand Ballroom A.

The Membership Meeting provides you with the opportunity to meet your elected CABE Board Members and give valuable input on CABE’s Strategic Plan and annual report.

CABE President Elodia Ortega-Lampkin, Vice President Annie Rodríguez and CEO Jan Gustafson-Corea will lead the meeting and provide insight and feedback on how CABE can best serve the educators and parents of English Learner students, promoting the CABE vision of Biliteracy for All.

Come to the Membership Meeting and let your voice be heard!

Date: Saturday, March 23, 2019
Time: 9:00 am-10:00 am
Place: Long Beach Convention Center
         Grand Ballroom A
As California moves forward to implement Proposition 58 and respond to the vision and call of Global California 2030, a distinct increase in the number of biliteracy programs (such as dual language immersion) is being experienced in our schools. Along with this growth comes the need to develop and support the recruitment of highly qualified bilingual teachers at both the pre-service and in-service levels. The workshops and institutes below exemplify some of the best programs and approaches for strengthening and building the bilingual teacher pipeline.

One of the latest reflection points and discussions amongst English Learner and bilingual/biliteracy educators is the pedagogy of translanguaging. With the publication of *The Translanguaging Classroom* (Garcia, Ibarra Johnson, Seltzer, 2017), educators working with bilingual/biliteracy students are reflecting on implications for practice.

**We invite you to join us in the discussion and dialogue regarding translanguaging with a special panel presentation on Friday, March 22, from 1:30 PM - 4:30 PM at the Long Beach Convention Center, Room 204.**

A panel discussion will be facilitated by Dr. Beatriz Arias of the Center for Applied Linguistics (CAL) along with five other educators and researchers—Dr. Susana Ibarra Johnson (Albuquerque Public Schools), Dr. Angela Randolph (Desert Sands Unified School District), Dr. Cristina Alfaro (San Diego State University), Dr. Margarita Jimenez-Silva (UC Davis) and Dr. Leslie Banes (UC Davis).

In this panel, the presenters will discuss translanguaging from different perspectives: how translanguaging can be used by teachers in different linguistic contexts; what are the purposes for translanguaging; what questions should be considered when translanguaging practices come to a developing dual language immersion program; how translanguaging is addressed in pre-service teacher preparation; and, how translanguaging is understood and addressed by teacher supervisors.

**Join us for a rich discussion and dialogue to inform our pedagogy and teaching in the classroom!**
CABE 2019 HIGHLIGHT—DEEPENING THE IMPLEMENTATION OF THE ENGLISH LEARNER ROADMAP POLICY

HISTORY IN THE MAKING—FIRST PROP 58 AND THEN THE EL ROADMAP!

The passage of Proposition 58 in 2016 was historic! Prop 58 was passed by over 73% of the voters in California and opened the doors to offer more multilingual programs in our schools for all students, and particularly for our English Learners.

Another historic moment occurred in 2017! The State Board of Education unanimously adopted the California English Learner Roadmap Policy which removed outdated barriers to bilingual and multilingual instruction and reflects current research and evidence-based practices to help local educational agencies (LEAs) update and improve their English Learner policies and programs.

The EL Roadmap policy was created to assist the California Department of Education in providing guidance to local educational agencies in welcoming, understanding, and educating the diverse population of students who are English Learners attending California public schools.

The EL Roadmap assists local educational agencies as they implement California’s 21st century college and career-ready standards, curriculum, instructional programs, and assessments with an emphasis on multilingual education.

The EL Roadmap and Prop 58 provide key opportunities to deepen our support for English Learners!

THE EL ROADMAP AT CABE 2019

CABE 2019 will be highlighting the EL Roadmap and how to deepen its implementation throughout various aspects of the conference. Our goal? That all attendees at CABE 2019 understand the power and purpose of the EL Roadmap and clearly see ways that their school and district can deepen its implementation!

General Sessions: Each General Session at CABE 2019 will provide a special highlight of the EL Roadmap.

Several workshop and institutes on the EL Roadmap and its deeper implementation will be presented throughout each day.

The Administrative Leadership Symposium will highlight the deepening of EL Roadmap policy and principles and its actual implementation.

Imagine, Inspire, Ignite — Multilingualism for ALL

EL ROADMAP

CALIFORNIA
ENGLISH LEARNER ROADMAP POLICY

Principle 1

- Assets-Oriented and Needs-Responsive Schools
  Pre-schools and schools are responsive to different EL strengths, needs, and identities and support the socio-emotional health and development of English learners. Programs value and build upon the cultural and linguistic assets students bring to their education in safe and affirming school climates. Educators value and build strong family, community, and school partnerships.

Principle 2

- Intellectual Quality of Instruction and Meaningful Access
  English learners engage in intellectually rich, developmentally appropriate learning experiences that foster high levels of English proficiency. These experiences integrate language development, literacy, and content learning as well as provide access for comprehensions and participation through native language instruction and scaffolding. English learners have meaningful access to a full standards-based and relevant curriculum and the opportunity to develop proficiency in English and other languages.

Principle 3

- System Conditions that Support Effectiveness
  Each level of the school system (state, county, district, school, pre-school) has leaders and educators who are knowledgeable of and responsive to the strengths and needs of English learners and their communities and who utilize valid assessment and other data systems that inform instruction and continuous improvement. Each level of the school system provides resources and technical support to ensure strong programs and build the capacity of teachers and staff to leverage the strengths and meet the needs of English learners.

Principle 4

- Alignment and Articulation Within and Across Systems
  English learners experience a coherent, articulated, and aligned set of practices and pathways across grade levels and educational segments, beginning with a strong foundation in early childhood and appropriate identification of strengths and needs, and continuing through to reclassification, graduation, and higher education. These pathways foster the skills, language(s), literacy, and knowledge students need for college- and career-readiness and participation in a global, diverse, multilingual, twenty-first century world.

Four Principles Support our vision and provide the foundation of California’s English Learner Roadmap. These principles are intended to guide all levels of the system towards a coherent and aligned set of practices, services, relationships, and approaches to teaching and learning that together create a powerful, effective, twenty-first century education for our English learners.

Underlying the systemic application of the Principles is the foundational understanding that simultaneously developing English learners’ linguistic and academic capacities is a shared responsibility of all educators, and that all levels of the schooling system have a role to play in ensuring the access and achievement of the 1.3 million English learners who attend our schools.

Next Steps

1. Share the EL Roadmap with your colleagues and community
2. Adopt school district policies aligned to the EL Roadmap
3. Reference the EL Roadmap in your LCAP

California’s Vision of Success for English Learners

English learners fully and meaningfully access and participate in a twenty-first century education from early childhood through grade twelve that results in their attaining high levels of English proficiency, mastery of grade level standards, and opportunities to develop proficiency in multiple languages.

Mission

California schools affirm, welcome, and respond to a diverse range of EL strengths, needs, and identities. California schools prepare graduates with the linguistic, academic, and social skills and competencies they require for college, career, and civic participation in a global, diverse, and multilingual world, thus ensuring a thriving future for California.

PUTTING PROPOSITION 58 INTO ACTION:
MULTILINGUAL PROGRAMS FOR ALL!

It has been two years since Proposition 58 passed overwhelming in the state of California. In 2016 California voted overwhelmingly for Proposition 58—the EdGE Initiative—commonly referred to as the Multilingual Initiative. Over 73% of all voters in California voted to say that they want multilingual programs in our schools!

Prop 58 has changed California Education Code and the California Code of Regulations and opens the doors wide open for parents to request multilingual programs and supports for schools and districts with guidelines on how to support their requests.

Prop 58 supports ALL Students learning and being successful academically in English and another language (like Spanish or Vietnamese or Chinese or other languages!) CABE is grateful to the California Department of Education who has worked very hard to help implement guidelines and rewrite education code and regulations to support schools and parents to implement Prop 58.

SO, WHAT DOES THIS MEAN FOR ME AND MY SCHOOL?

If you already have a multilingual program in your school such as dual language immersion or a developmental program, keep supporting it and helping it grow. Learn more about it and help other parents learn about it too!

Remember 20-30-60!
If you don’t have a multilingual program in your school and parents are interested in having one, Proposition 58 provides ways you can work with your schools and districts to request a program. Remember the numbers 20-30-60!

If 20 parents at a grade level or 30 parents in a school request a multilingual program, schools districts must consider and address the request.

School districts have 60 days to respond and the goal is always to work together and come up with a strong plan and response together!

There are many aspects that go into an effective biliteracy program. CABE offers a free Dual Language Immersion Planning Guide on our website (gocabe.org) that delves into eight key modules:

- Leadership Team
- Program and Implementation Models
- Research
- Pedagogical Decisions
- Program Support
- Program Assessment and Evaluation
- Teacher Recruitment and Development
- Student Recruitment and Parent Involvement

• OCDE Project GLAD® Two-Day Research & Theory Workshop
9:30 AM - 4:30 PM
Westin Long Beach
Room: Salon D

Susan Dunkin, Orange County DOE, Project GLAD®
Brooke Petruzzelli, Orange County DOE, Project GLAD®

Grade Level: K-12
Language: English
Strand: Professional Development
Audience Level: New to Field/Experienced

The Orange County Department of Education (OCDE) is the official National Training Center (NTC) for the Project GLAD® training model. The 2-Day Research & Theory Workshop highlights current research regarding effective educational practices for language learners. During this workshop participants will build understanding of how the OCDE Project GLAD® promotes positive classroom culture and celebrates each student’s individual assets. This workshop applies research to practice by explicitly showing how ELD is embedded within the model.

• An Overview for New Two-Way Bilingual/Dual Immersion Programs

Grade Level: K-6
Language: Spanish
Strand: Dual Language Education
Audience Level: New to Field/Experienced

Vengan todos a la primera academia de lenguaje en español por dos días en CABE 2019. Invitamos a todos a aprender cómo funciona el español y cómo enseñarlo de manera eficaz y divertida en una clase de doble inmersión/bilingüe. Estudiaremos profundamente la enseñanza basada en los estándares con énfasis en aquellos que son específicos al idioma español en todas áreas del currículo. Nos enfocaremos en la integración coherente entre los dominios del lenguaje. Demostraremos cómo planear instrucción con normas académicas de base común (Common Core) en español y los nuevos estándares de desarrollo del idioma español (SLD Standards) y compartiremos estrategias que facilitan la enseñanza eficaz en español. Modelaremos lecciones de lecto-escritura enfatizando cómo funciona el español. Repasaremos estrategias para la instrucción de un continuo vertical de destrezas fundamentales y de gramática en los grados K-6. Enseñaremos estrategias translingüísticas para establecer conexiones explícitas entre el español y el inglés. Se afirmará la pedagogía crítica, el multiculturalismo y la concientización como métodos esenciales para la enseñanza de estudiantes en el siglo XXI.

[THIS SESSION WILL BE CONDUCTED IN SPANISH.] Come to the first two-day Spanish Language Academy at CABE 2019. All are invited to learn how Spanish works and how to teach Spanish in efficient and fun ways in dual language immersion and biliteracy classrooms. We will provide an in-depth study of standards-based instruction with emphasis on the linguistic augmentations specific to Spanish in the content areas. We will focus on the cohesive integration of language domains. We will demonstrate how to plan instruction with the Common Core en Español and the new Spanish Language Development Standards and share strategies that facilitate effective teaching in Spanish. We will model reading and writing lessons emphasizing how Spanish works. We will review and model instructional strategies using a vertical continuum of fundamental skills and grammar in grades K-6. We will teach cross-linguistic strategies to establish explicit connections between Spanish and English. Critical pedagogy, multiculturalism and awareness will be affirmed as essential methods for teaching students in the 21st century.

**WRITE Institute:**
This interactive presentation will provide administrators and teachers with resources to understand and apply key research-based instructional practices across content areas around integrated literacy (reading, writing, and academic oral language) for culturally and linguistically diverse students in grades K-12. Participants will learn how to successfully integrate the practices in their current instructional contexts.

**Beginning Biliteracy Development:**
This presentation will focus on the exciting development of biliteracy in the early grades and how written language in both L1 and L2 is developed through Interactive Dialogue Journals and Mini Shared Reading. We will share the impact of powerful research and practice. The goals include 1) To present how to organize the teaching and learning of writing and reading in the social context of Interactive Dialogue Journals thru a Vygotskian sociocultural lens; 2) To show how children in a small group of 3-5, who do not know all their letters or sounds or sights words, can read a leveled book two levels above their instructional level using Mini Shared Reading Strategy; and 3) To share the evolution of the children’s conceptual interpretations of written language from a Piagetian perspective, sociopsychogenesis. Digital and hard copies of handouts will be available. Come and be engaged in powerful approaches to developing biliteracy in the classroom!

Barbara Nemko, Napa COE
Hall Davidson, Discovery Education

Grade Level: All
Language: English
Strand: Technology and Digital Learning
Audience Level: New to Field/Experienced

Since Title I was enacted in 1965, we’ve spent billions to close the achievement gap between English Learners (ELs) and native English speakers with little success. As the population of ELs continues to grow, we must transition to methods that achieve success. This session will highlight a paradigm shift to Digital Early Literacy that delivers at-risk preschoolers to kindergarten ready to learn, and how AR, VR, and MR are increasing K-12 student engagement and narrowing the gap.

• Deconstructing the ELPAC Task Types

1:00 PM - 2:15 PM

• Dual Language and Culture for Twice Exceptional Learners

1:00 PM - 2:15 PM
Renaissance Long Beach
Room: Pike 1

Cynthia Geary, California State Polytechnic University, Pomona

Grade Level: All
Language: English
Strand: Special Populations
Audience Level: Experienced

Culturally and linguistically diverse (CLD) students who are twice exceptional (2e) are often overlooked in K-12 classrooms. Winebrenner (2012), states that twice exceptionality exists where giftedness and learning challenges coexist. 2e support is critical when considering language acquisition and culture. This workshop provides a 2e research presentation, interactive methods to discern CLD students 2e and evidence-based practices for 2e CLD learning. Participants will be equipped to identify 2e CLD learners and effectively meet learning needs.

Over the last thirteen years our Dual Language Immersion (DLI) program has grown from 26 students at one school to over 1,200 students at six schools. We needed a consistent, annual measure to monitor our DLI students’ listening, speaking, reading, and writing skills in Spanish in order to inform instruction, programmatic decisions, and report to parents. During this workshop we will share the role LAS Links Español has played in the development of our DLI Program.

• The Extraordinary BEAT: Creating a Counterspace through Restorative Practices

1:00 PM - 2:15 PM  
Renaissance Long Beach  
Room: Alford  

Jahmon Gibbs, California Education Authority

Grade Level: All  
Language: English  
Strand: School Culture and Climate  
Audience Level: Experienced

Counterspaces are defined as a social setting where two or more individuals come together to challenge the story that is normally told about a particular group when it is told, also known as the master narrative and inclusionary restorative practices. This workshop will focus on how humans are more likely to make positive changes in their behavior when those in position of authority do things with them, rather than to them (Wachtel, 2013, p.8).

Osvaldo García, Tulare COE

Grade Level: Preschool  
Language: English  
Strand: Early Childhood Education  
Audience Level: New to Field/Experienced

The California Department of Education, in collaboration with a migrant education local partner, will demonstrate how the Family Biliteracy Program integrates the family into the school community, identifying and valuing cultural and linguistic assets that the family already possesses. Attendees will learn how to integrate the family unit into the educational experience by utilizing the family’s first language to teach literacy strategies that transfer to a second language that can be replicated at home.
• Using Digital Books to Support Biliterate Achievement

1:00 PM - 2:15 PM
Long Beach Convention Center - 103C

Carol Johnson, Renaissance Learning

**Grade Level:** All  
**Language:** English  
**Strand:** Dual Language Education  
**Audience Level:** New to Field/Experienced

Students in dual language programs graduate from high school headed to the career or college of their dreams. One of the main reasons is the development of biliteracy. Supporting biliteracy requires access to reading materials in more than one language. Digital books provide students with access to books that might otherwise not be available. Participants in this session will learn how digital books can be used to support biliteracy across content areas.

• Planning and Implementing a Strong, Successful, and Sustainable Dual Language Immersion (DLI) Program

INEA es la institución pública que promueve y desarrolla servicios de alfabetización, educación primaria y secundaria para que jóvenes y adultos incrementen sus capacidades, eleven su calidad de vida y contribuyan a la construcción de un país mejor. La Plaza Comunitaria es un espacio adecuado que integra recursos educativos y acciones para la vida y el trabajo, principalmente dirigidas a jóvenes y adultos. En ese lugar, los jóvenes y adultos mexicanos e hispanos que viven en los Estados Unidos tienen acceso a diversas oportunidades educativas y de formación para trabajar. El principal objetivo del programa MEVyT es brindar educación a los jóvenes y adultos (de 15 años o más) que no estén inscritos en el sistema de educación formal. Ambos programas ofrecen una amplia gama de posibilidades de aprendizaje.

Puerto Rico has been fighting and winning against the intentions of the government to privatize schools in Puerto Rico for the past 29 years. Vouchers, intended to subsidize private entities with public funds, were declared unconstitutional. However, Law 85, approved in March 2018, seeks to dismantle public education and privatize 10% of its current public schools on the island. Teachers, parents, and students have joined forces to fight back and prevent this from happening and to save public schools. Listen to Mercedes Martínez, President of the Puerto Rico Teachers Federation, narrate the events occurring on the island and how teachers are playing a major role.

Stockton USD and SJCOE collaborated to expand our grades 3-8 ELD summer school model to include Migrant, K-2, and 9-12 students. Our purposes were to accelerate science academic language and literacy development for ELs and provide robust professional learning that deepened teacher knowledge and supported shifts in their practice as they learned how to target EL’s specific language needs. The outcome was deep learning for all. We will provide guidance on how to replicate this model.

The Sobrato Family Foundation
2019 marks Culture Clash’s 35th year anniversary as a vital American theater company with works ranging from sketch comedy to drama, to adaptations of Aristophanes “The Birds”, “Peace” and their newest, “Frogs” aka “Sapo”, to co-writing Frank Loesser’s long lost musical “Señor Discretion Himself” based on a story by the late Budd Schulberg, to earning “Best Production of the Year” Ovation Award for their critically acclaimed play, “Chavez Ravine” that was remounted at the Kirk Douglas Theater a few years back. Even dabbling in opera, in collaboration with the Long Beach Opera, Culture Clash premiered a remixed, reimagined and refreshed adaptation of “Fairy Queen” by Henry Purcell based on Shakespeare’s “A Midsummer Night’s Dream”.

Ric Salinas and Herbert Siguenza are the original members of Culture Clash, founded in 1984 on Cinco de Mayo in San Francisco’s historic Mission District.

Their work has been produced by the nation’s leading theaters including the Mark Taper Forum, Lincoln Center, The Kennedy Center, La Jolla Playhouse, Berkeley Repertory Theatre, The Huntington Theater in Boston, The Alley Theatre in Houston, South Coast Repertory, Seattle Repertory, The Goodman Theatre in Chicago, among others. They have also toured and lectured at major universities and colleges including Syracuse University, Yale University, Stanford University, UCLA and dozens of state colleges in California too numerous to name.

Culture Clash has three books of compilations “Culture Clash: Life, Death and Revolutionary Comedy”, “Culture Clash in AmeriCCa” and “Oh Wild West: The California Plays”, with TCG Books.

You can catch Ric Salinas in his touring solo play entitled: “57 Chevy”, and Herbert Siguenza performing the voices of Tio Oscar and Tio Felipe in Disney’s “Coco”.

Ric and Herbert will be signing autographs immediately following the Opening General Session in Hall B.

CENGAGE
JEFF DUNCAN-ANDRADE, Ph.D.

San Francisco State University, Associate Professor, Raza Studies, Race and Resistance Studies, Founder of the Roses in Concrete Community School, Oakland

Jeff Duncan-Andrade, Ph.D., is Associate Professor of Raza Studies and Race and Resistance Studies at San Francisco State University. He is also a founder of the Roses in Concrete Community School, a community responsive lab school in East Oakland (www.rosesinconcrete.org) and the Community Responsive Education Group (www.communityresponsive.org). As a classroom teacher and school leader in East Oakland for the past 25 years, his pedagogy has been widely studied and acclaimed for producing uncommon levels of social and academic success for students. Duncan-Andrade lectures around the world and has authored numerous journal articles and book chapters on effective practices in schools. He has written two books and he is currently completing his third book with Harvard Press. In 2015, Duncan-Andrade was tapped to be a Commissioner on the National Commission on Teaching & America's Future (NCTAF) and in 2016 was part of the great educators invited to the White House on National Teacher Appreciation Day by President Obama. He is also the 2019 Laureate for the prestigious Brock International Prize in Education. Duncan-Andrade has also been ranked as one of the nation’s most influential scholars by EdWeek’s Public Influence Rankings for the past four years.

Duncan-Andrade’s transformational work on the elements of effective teaching in schools serving poor and working class children is recognized throughout the U.S. and as far abroad as New Zealand. His research interests and publications span the areas of urban schooling and curriculum change, urban teacher development and retention, critical pedagogy, and cultural and ethnic studies. He works closely with teachers, school site leaders, union leaders and school district officials to help them develop classroom practices and school cultures that foster self-confidence, esteem, and academic success among all students. Duncan-Andrade holds a Ph.D. in Social and Cultural Studies in Education and a Bachelor of Arts degree in Literature, both from the University of California, Berkeley.

Jeff Duncan-Andrade will be signing his books immediately following the General Session in Hall B.

Vengan todos a la primera Academia de Lenguaje en Español por dos días en CABE 2019. Invitamos a todos a aprender cómo funciona el español y cómo enseñarlo de manera eficaz y divertida en una clase de doble inmersión/bilingüe. Estudiaremos profundamente la enseñanza basada en los estándares con énfasis en aquellos que son específicos al idioma español en todas áreas del currículo. Nos enfocaremos en la integración coherente entre los dominios del lenguaje. Demostraremos cómo planear instrucción con Normas Académicas de Base Común (Common Core) en español y los nuevos Estándares de Desarrollo del Idioma Español (SLD Standards) y compartiremos estrategias que facilitan la enseñanza eficaz en español. Modelaremos lecciones de lectoescritura enfatizando cómo funciona el español. Repasaremos estrategias para la instrucción de un continuo vertical de destrezas fundamentales y de gramática en los grados K-6. Enseñaremos estrategias translingüísticas para establecer conexiones explícitas entre el español y el inglés. Se afirmará la pedagogía crítica, el multiculturalismo y la concientización como métodos esenciales para la enseñanza de estudiantes en el siglo XXI.

[THIS SESSION WILL BE CONDUCTED IN SPANISH.] Come to the first two-day Spanish Language Academy at CABE 2019. All are invited to learn how Spanish works and how to teach Spanish in efficient and fun ways in dual language immersion and biliteracy classrooms. We will provide an in-depth study of standards-based instruction with emphasis on the linguistic augmentations specific to Spanish in the content areas. We will focus on the cohesive integration of language domains. We will demonstrate how to plan instruction with the Common Core en Español and the new Spanish Language Development Standards and share strategies that facilitate effective teaching in Spanish. We will model reading and writing lessons emphasizing how Spanish works. We will review and model instructional strategies using a vertical continuum of fundamental skills and grammar in grades K-6. We will teach cross-linguistic strategies to establish explicit connections between Spanish and English. Critical pedagogy, multiculturalism and awareness will be affirmed as essential methods for teaching students in the 21st century.

Hyatt Regency Long Beach
Room: Beacon A

Según las “mega tendencias” en el 2050, habrá una cultura global (americanizada) y el inglés se convertirá en el idioma universal en los países desarrollados, debido al carácter tecnológico del proceso de socialización de los niños. Con esta variable, California y Baja California (BC) forman una región económica de poderoso desarrollo humano para el futuro, llamada Cali-Baja. En BC creemos que la educación es una promesa que se hace en lo individual a quien ingresa a la educación pública o privada, con la intención de transformar y mejorar su calidad de vida y también es una promesa que se hace en lo social, para erradicar la pobreza e impulsar la prosperidad compartida. Por ello, en BC nuestra promesa en educación para el 2030 es que la persona educada tiene 19 años de estudios aprobados, es bilingüe y tuvo una experiencia internacional durante su formación universitaria; lo mínimo es que la educación obligatoria contemple 15 años de estudios aprobados, con un diploma de biliteracidad y la certificación de una competencia laboral a través de la formación dual. Queremos que BC sea un imán de talento que atraiga gente de todas partes y se enforente a los retos por venir y nos ayuden a seguir creciendo.
Reyna Grande entered the U.S. as an undocumented immigrant at 9 1/2 years old. Now, she is an award-winning writer and author of four books, including the national bestseller, The Distance Between Us/La Distancia Entre Nosotros. Suffering from her immigrant trauma, Grande learned to use her writing as an act of celebration and transformation. What power do stories hold? Why is it important for students to tell their truth and celebrate their experiences? Come hear about how storytelling can play a crucial role in the growth of your students. "Educational Leaders: we cannot close the educational gaps that we see in our schools if we don’t close the one in our minds first." As we reflect upon our educational equity journey, we must continue to deepen our belief systems and awareness of diversity in our schools which will lead to empowerment to be proactive and responsive to the needs of the school community we serve as evident in the closure of all educational gaps. This presentation will provide for an interactive session where participants will focus on serving students through an equity leadership framework. Outcomes include: 1) Understanding the impact of historical events on public education and the achievement gap; 2) Developing an awareness of common language and define key terms; 3) Reflecting on our role as educators in maintaining or ending educational gaps; 4) Developing equity focused action steps in alignment with LCAP priorities to strategically target the needs of students.

• Activate Students’ Metabilingual Awareness through Spanish-English Cross-linguistic Connection Strategies
10:30 AM - 11:45 AM
Hyatt Regency Long Beach
Room: Seaview B

Sonia Soltero, DePaul University

Grade Level: K-12
Language: English
Strand: Dual Language Education
Audience Level:

Bilingual learners’ awareness of the differences and similarities between their two languages offers powerful foundations for developing higher levels of bilingualism and biliteracy. Activating this bilingual intersectionality while teaching for transfer involves daily explorations with linguistic elements from each language through formal lessons, but also as teachable moments throughout the day. In this session, we will discuss the many benefits of using cross-linguistic connections to build students’ metabilingual awareness, bilingualism, and biliteracy. This session begins with a brief contrastive overview of linguistic features of Spanish and English, as well as Spanish language varieties, including Spanish of the US. We then explore a number of instructional strategies that build meta-bilingual awareness and facilitate Spanish-English cross-linguistic transfer.

Judith Kroll, University of California, Riverside
Covadonga Lamar Prieto, University of California, Riverside
Vrinda Chidambaram, University of California, Riverside

Grade Level: All
Language: English
Strand: Research & Evaluation
Audience Level: New to Field/Experienced

Bilingualism Matters at UCR was established in 2017 with the goal of bridging research on bilingualism to the experience of learning and using two languages in the community. Although the positive consequences of speaking more than one language hold the promise to change attitudes towards child rearing, educational policy, immigration, and healthy aging, there is still mythology about bilingualism in the general public. In this workshop we illustrate our efforts towards outreach and community engagement.

• Brain Friendly Teaching: Teach the Way Brains Best Learn

10:30 AM - 11:45 AM
Long Beach Convention Center
Room: 103C

Tom Searl, Kagan Publishing & Professional Development

Grade Level: All
Language: English
Strand: Commercial - Professional Development
Audience Level: New to Field/Experienced

Brain science has direct applications to teaching and learning. Teaching with methods that don’t respect brain science is like swimming against the current: teaching is exhausting, students learn less, and students dislike class. When teaching aligns with how the brain best learns, we are going with the current: teaching is more enjoyable, students learn more, and students enjoy class. In this session, learn core principles of brain-friendly teaching and Kagan Structures aligned with brain science.

• Establishing Schoolwide ELD Instructional Norms and Evidence-Based Practices

1:30 PM - 4:30 PM
Long Beach Convention Center
Room: Grand Ballroom B

California educators grapple with distinctions between content and pedagogy suitable for Designated versus Integrated ELD. It is unlikely that K-12 teachers adopt a language mentor role when a district has not agreed upon and clearly communicated reasonable expectations for language-focused instruction. Analyze bedrock instructional norms to anchor ELD instruction within any context. Explore a selective toolkit of evidence-based instructional practices that help educators schoolwide actualize each norm. Receive digital and print resources to support professional learning.

**Scaffolded Instructional Strategies in Dual Language, Bilingual and World Language Programs**

Sonia Soltero,
DePaul University

1:30 PM - 4:30 PM
Hyatt Regency Long Beach
Room: Seaview B

In the language classroom, scaffolded instruction is a necessary and valuable tool for bilingual learners who are at various levels of second language proficiency. In this institute we explore how scaffolded instruction provides multi-leveled supports that help students access and master curricular content while enhancing acquisition of their academic second language. We first examine areas of language that are particularly challenging for students, including vocabulary within academic discourse and the role of background knowledge in comprehension. The remainder of the institute is dedicated to engaging in hands-on scaffolding meaning-based strategies that assist in building vocabulary, increasing reading comprehension and strengthening writing skills.

Participants will learn strategies to scaffold instruction and build language and literacy for English Learners through the use of interactive read-alouds, oral language development, and cooperative/collaborative learning.

• Effective Vocabulary Instruction in Science, Math, and Social Studies Classrooms

3:15 PM - 4:30 PM
Hyatt Regency Long Beach
Room: Harbor

Lauren Greenberg, Educational Consultant

Grade Level: 3-12
Language: English
Strand: Commercial - Curriculum & Instruction
Audience Level: New to Field/Experienced

Effective vocabulary instruction is just as important in science, social studies, and mathematics classrooms as it is in ELA, yet it is hard to find time to move beyond the often weak support provided in textbooks. We will examine powerful strategies to help students learn key academic language as well as domain-specific terms across the content areas. Leave with resources to help choose the best words for instruction and tools for planning effective, engaging lessons.

• Empowering Students and Parents in the Dual Language Classroom through Technology Integration

3:15 PM - 4:30 PM
Long Beach Convention Center
Room: 103B

Heidemarie West, Rowland USD
Patricia Mendoza, Rowland USD

Grade Level: Preschool-5
Language: English
Strand: Technology and Digital Learning
Audience Level: New to Field/Experienced

Are you looking for ways to integrate technology into your classroom? Do you want to empower students? Are you interested in giving parents a window into your classroom? Come learn how you can easily share the learning in your classroom with your parents. This free tool provides endless opportunities to capture, record, annotate and share learning. In this session, you will learn how students as young as five can easily use Seesaw to create digital learning journals.

• Formative Assessment and Scaffolding Strategies for Co-Teaching Settings

3:15 PM - 4:30 PM
Long Beach Convention Center
Room: 201B

Samuel Rodriguez, NYC Department of Education

Grade Level: 6-12
Language: English
Strand: Special Populations
Audience Level: Experienced

The learning challenges confronting middle and high school culturally, linguistically, diverse, exceptional students (CLDES) is cognitively demanding in content and language complexity. As practitioners develop academic language with exceptional students, the understanding that one version of any assessment strategy will not accurately reflect individual students’ learning, implies a special attention needed as we design formative assessments. Text complexity, ineffective scaffolding and assessments with limited scope present huge consequences for students developing bilingual competence and negotiating cognitively demanding content.
• How English Works: Meaning-making to Support Reading Comprehension

3:15 PM - 4:30 PM
Hyatt Regency Long Beach
Room: Regency D

Alesha Moreno-Ramírez, Tulare COE

Grade Level: 3-8
Language: English
Strand: English Language Development
Audience Level: New to Field/Experienced

Meaning-making is at the heart of English language development. English Learners can use what they understand about how English works to improve their text comprehension. By building students’ toolkit of strategies to tackle complex text, we promote self-regulation and agency in reading development. This interactive session will offer six key strategies that ELs can use to uncover meaning while reading across the whole text, sentence/clause, and word/phrase levels to build their confidence and efficacy with dense academic texts.

• How to Develop Your Students’ Linguistic Knowledge about AAVE

3:15 PM - 4:30 PM
Renaissance Long Beach
Room: Wilmore

Daniel Russell, Lemoine and Associates

Grade Level: 3-8
Language: English
Strand: Standard English Learners
Audience Level: New to Field/Experienced

So, now that you have learned about Standard English Learners (SELS) and the legitimacy of the non-standard languages that they use, are you wondering how to operationalize that information in the classroom setting? This workshop will help you learn practical ideas on how to develop your students’ linguistic knowledge about AAVE through contrastive analysis, educational games, culturally and linguistically responsive literature, sentence lifting, and more.

• Journalism for English Learners: A Project-Based Approach to Language Development

3:15 PM - 4:30 PM

• Los estudiantes que compartimos

3:15 PM - 4:30 PM
Long Beach Convention Center
Room: 104C

Yara Amparo López, Sistema Educativo Estatal
Esther Cota Jasso, Sistema Educativo Estatal
Gilberto Barrios, CSU San Marcos

Grade Level: All
Language: Spanish
Strand: Multicultural/Diversity Education
Audience Level: New to Field/Experienced

En este taller hablaremos de los retos que enfrentan los estudiantes que compartimos entre México y Estados Unidos -- específicamente Baja California y California. Estos alumnos cuando son incorporados a un sistema educativo diferente, se enfrentan a otras normas sociales, culturales, pedagógicas, y quizá no son estudiantes con la misma lengua. Los estudiantes que migran entre los dos países requieren de educadores que atiendan sus necesidades y que apoyen la integración considerando no solo la lengua sino las prácticas culturales.

• Making Higher Education Accessible to Our Immigrant Students

• Flexible Thinking: A Prismatic Look at Developing a Flexible Mindset

4:45 PM - 6:00 PM
Hyatt Regency Long Beach
Room: Seaview B

Marni Fisher, Saddleback College
Kimiya Maghzi, University of Redlands
Kenia Cueto, Chapman University
Meredith Dorner, Irvine Valley College

Grade Level: 3-12
Language: English
Strand: Multicultural/Diversity Education
Audience Level: Experienced

Building flexible thinking is important for any educational population. Building flexible mindsets within a socially just framework encourages the integration and celebration of diversity and multiple ways of knowing while breaking up dominant patterns and hegemonic thinking. This workshop for teachers, para-educators, and students will prismatically examine theories framing student success and active student engagement, considering the advantages and disadvantages of each, before developing their own definitions of flexible thinking.

• Gamify Your Classroom: Engage Students in All Learning Activities

4:45 PM - 6:00 PM
Hyatt Regency Long Beach
Room: Beacon A

Weina Chen, Pepperdine University

Grade Level: All
Language: English
Strand: Professional Development
Audience Level: New to Field/Experienced

Do you know that all learning activities can be formed as fun games? Come and build an engaged learning community by flipping ‘class time’ into ‘game time’. This workshop aims to help teachers develop a classroom to not only achieve academic excellence, but also improve your students’ engagement, collaboration, confidence, and sense of success! You will walk away with trending APPs as well as non-digital game ideas. Furthermore, you will master the skills to gamify your own classroom.

• Honoring Student Voices Through a Culture of Writing

4:45 PM - 6:00 PM
Renaissance Long Beach
Room: Broadlind 2

María Acero, American Reading Company

Grade Level: K-12
Language: English
Strand: Commercial - Multicultural/Diversity Education
Audience Level: New to Field/Experienced

Schools serving diverse populations explore students’ identities to build from cultural and linguistic assets. A major component of developing bilingual and biliterate students is how to develop sustainable writing skills and habits. A cornerstone of writing instruction is developing a culture of writing amongst emergent bilingual students. The study of memoir as a genre provides an academic framework built on inquiry where teachers and students can engage in apprenticeship models to develop writing expertise.

• Integrated and Designated ELD Opportunities with NGSS - A Sample Lesson

Progress has been made in many respects toward the realization of equity in schools/society, regarding marginalized identities (i.e. gendered, racialized, and sexualized). However, the struggle for social justice has sometimes been accused of falling into “identity politics,” which has been accused of inadvertently maintaining inequality. Through a facilitated discussion, the presenter hopes to help reframe identity toward an intersectional framework, to contribute to the promotion of equitable spaces in our schools and society.

KEYNOTE ADDRESS

BAO PHI
Vietnamese American Spoken Word Artist
Writer and Community Activist

Bao Phi, award winning poet and children’s book author, will share his poems, writings and reflections about the invisibility of the Asian American poor, with a focus on Vietnamese refugees, and the need for including these stories into our consciousness and curriculum. Phi was born in Saigon, Vietnam, the youngest son of a Vietnamese mother and a Chinese Vietnamese father. He grew up in South Minneapolis near the Little Earth housing projects.

Phi has been a performance poet since 1991. He is a two-time Minnesota Grand Slam champion and a National Poetry Slam finalist. He is the author of several books that tell the stories of Vietnamese-Asian American immigrants. His latest book, A Different Pond, is a children’s picture book and received a Caldecott honor, an Ezra Jack Keats new author honor, and the Charlotte Zolotow award for excellence in children’s book writing. Two other books authored by Phi, Thousand Star Hotel and Sông I Sing (collections of poetry) are both taught in classrooms across the country. He was Minnesota Monthly’s Author of the Year 2017 and City Pages’ Best Author 2018. He continues to tour as a featured guest speaker and artist across the country. He is also the program director of events and awards at the Loft Literary Center in Minneapolis.

Bao Phi will be signing his books immediately following the General Session in Hall B.

FEATURED SPEAKERS 10:30 AM - 11:45 AM

Gregorio Luke,
ARCOS (Art in Communities and Schools)

Teaching as a Performance Art

- For the past 30 years, Gregorio Luke has lectured all over the world, from the Smithsonian and the Library of Congress to México’s Palacio de Bellas Artes. In this presentation, especially created for CABE, Gregorio Luke will share the public speaking techniques he has developed over the years. “I believe every teacher should have at his/her disposal the resources of an actor, the visuals of a curator and the story telling resources of a filmmaker. When I was growing up in the seventies in Mexico,” says Gregorio Luke, “we had many prominent intellectuals from Latin America who were exiled by military dictatorships. These teachers were very theatrical, often incorporating, anecdotes and even poetry into their classes. From them I learned the forgotten art of rhetoric. Later on I studied film and learned to tell stories with images. By combining these elements, I seek to transform teaching into a performance art that combines the impact of film, the emotion of theatre and the exhilaration of learning. With the ever-present smart-phones and social media, it has become more difficult to capture and retain the attention of students in classrooms. If we are to recuperate the joy of learning, we must explore new ways of recapturing the interest of our students. I love CABE and fully support its mission; this is why I want to share what I have learned in a lifetime with its members. It is possible to replicate what I do in any classroom. The way to do it is by unleashing the power of the spoken word.”

Administrative Leadership Symposium

FRIDAY, MARCH 22, 2019
Long Beach Convention Center - Grand Ballroom A
Moving the EL Roadmap Forward: Building and Implementing the Systems for District-wide Multilingual Programs for English Learners

OPEN TO SCHOOL AND DISTRICT ADMINISTRATORS AND BOARD MEMBERS
Participants who have pre-registered have priority seating. If space allows, other conference attendees are able to register and pay $50 to attend. Lunch is included.

OUTCOMES
• Provide an overview of the district systems needed to support the EL Roadmap in order to design, build and sustain strong effective multilingual programs.
• Build understanding of the role of assessment and accountability, capacity building, and professional development to deepen implementation of the EL Roadmap.
• Learn from districts that are successfully moving the vision of the EL Roadmap forward.
• Consider new landscapes of political leadership to continue building the momentum of multilingual success for English Learners and all students.

DESCRIPTION
The CUBE 2019 Administrative Leadership Symposium will provide school board members and district and site leaders with a deeper dive into the English Learner Roadmap Policy approved by the State Board of Education in 2017. The EL Roadmap Policy is intended to assist districts, schools and county offices of education in welcoming, understanding, and educating the diverse population of students who are English Learners attending California public schools.

This year’s symposium will feature a presentation by Dr. Laurie Olsen, co-lead of the EL Roadmap Workgroup, and several school districts and leaders that are making quality advancements in the implementation of the EL Roadmap. Participants will be engaged in reviewing, analyzing and planning for the implementation of the shifts and changes that the EL Roadmap Policy provides and exploring the direct impact it will have in their own schools and districts.

Leadership teams are encouraged to attend together to take advantage of this innovative space for strategizing and planning. Participants will receive access to key information, tools and resources, research, and structures to successfully implement the EL Roadmap in support of effective biliteracy and English Learner programs.

• Six Ways To Know If You Are Culturally and Linguistically Responsive
  1:30 PM - 4:30 PM
  Long Beach Convention Center
  Room: 102A

The phrase “culturally and linguistically responsive” has now become cliché, the death knell in education. Cultural responsiveness benefits all students, in particular those students who have been traditionally underserved in the United States’ schools. Given its importance to empowering and inspiring educators to be responsive and for students to be academically successful, how do you know if you are culturally and linguistically responsive in your mind-set and skill set? Find out through a motivating, inspiring, and thought-provoking keynote address. The session will answer this question for you: Am I culturally and linguistically responsive? Participants will: 1) Know what is meant by culture and language in the context of culturally responsive pedagogy—theoretically and pragmatically; 2) Focus on common strategies utilized responsively in the areas of classroom management, academic literacy, academic language, and academic vocabulary; 3) See connections between standard educational initiatives, such as Common Core State Standards, and the relevance of CLR; and 4) Understand more poignantly how implicit bias thinking can impact good intentions negatively.

Collaborative systems are essential to ensure sustained success of a Dual Language Immersion (DLI) program. Collaboration includes students, families, teachers, and administration among school sites and levels. Opportunities for collaboration influence stakeholders’ perspectives in three ways: increasing connection to the DLI program and other stakeholders, reinforcing foundational goals as shared knowledge, and creating distributed leadership. Implementation of DLI programs with collaboration resulting in distributed leadership builds community and provides a shared focus on goals.

- **Building Opportunities for the Students We Share**
  
  3:15 PM - 4:30 PM  
  Hyatt Regency Long Beach  
  Room: Seaview C  
  
  California is one of our main allies so that the migrant population can continue their education. Under the current socio-political circumstances, Mexico has been making lots of efforts to attend to the migrant population. Most of the attention is concentrated in the great state of California. The presenter will share 3 main topics: 1) the actions Mexico has taken to ensure the right of education to any student coming to Mexico, Mexican or US born; 2) the educational opportunities for all Mexican students in the US; and 3) aspects of the bilateral relationship between Mexico and the United States, particularly with California, which shows that international cooperation in education promotes and enriches the social and professional development of the migrant population.

Hyatt Regency Long Beach
Room: Harbor

Yogi Kang, 1 World Education Inc.

Grade Level: Preschool-2
Language: Chinese, English
Strand: Commercial - Early Childhood Education
Audience Level: New to Field/Experienced

This workshop is a showcase of how Design Thinking can best impact teaching and learning in early childhood education. As educators, we should help young learners start to tackle problems that our community (global, national or local) faces. Training critical thinkers through PBL and Design Thinking in ECE is fun and effective, especially for Dual Language Immersion programs. This workshop will show several examples of how we design curriculum by using PBL and DT in a trilingual preschool.

Strand: Curriculum & Instruction
Audience Level: New to Field/Experienced

The Next Generation Science Standards were designed for ALL students. In this workshop, models will be used to demonstrate how science and engaging activities are used to help develop language and critical thinking skills. We will also have discussions on how these new standards are appropriate in dual language settings. The overarching goal is that science is a vehicle for content acquisition and skills development.
The Youth Cinema Project is project based learning that produces competent and resilient real world problem-solvers; it bridges the achievement and opportunity gaps by creating lifelong learners and the entertainment industry’s multicultural future. Our program creates social emotional empowerment emphasizing leadership, self-advocacy, and finding one’s voice. Our work also develops grit – passion, drive, and resiliency to help students succeed in life.

Four student-created short films will be featured at the CABE 2019 Friday Film Festival. Director and screenwriter, Rafael Agustín, will be present to describe the program and showcase the process used to create filmmakers out of elementary, middle school and high school students.

The qualities of a great educator are as varied as the students they teach. Educators teach students who differ by skill level, language, ability, temperament, socio-economic and cultural backgrounds. To nurture excellence in each student, an educator must have unique qualities that accommodate the learning needs of his or her students. This presentation will explore three qualities that make an educator remarkable. When educators master these three qualities, their students will enjoy academic growth/achievement and overcome barriers.

Have you wondered how to support students’ bi/multilingual reader identity? If so, this workshop is for you! Here, you will learn how to design reading self-assessments that promote students’ analysis of their past, present, and future reading selves. The aims for this workshop are two fold: to demonstrate how certain questions elicit specific student responses about their bi/multilingual selves and to discuss the programmatic implications students’ responses have for a dual-language school.

• Engaging English Learners through California’s Tier 1 Resources

10:45 AM - 12:00 PM
Long Beach Convention Center
Room: 102C

Stephanie Gregson, California Department of Education
Lindsay Weiss, California Department of Education
Gina García-Smith, California Department of Education

Grade Level: Preschool-12
Language: English
Strand: Curriculum & Instruction
Audience Level: New to Field/Experienced

Student engagement is a primary predictor of student success. Research shows that when students perceive lessons as ineffective and irrelevant to their future goals, they experience negative changes in motivation, interest, and confidence resulting in academic disengagement. This session will explain how California’s Tier 1 Resources can be used to engage and support California’s English Learners. Best practices for accessing and implementing Tier 1 Resources, and connections to the English Learner Roadmap will be shared.

• EL Roadmap: Destination Global Multicultural Literacy Education

Project-based Learning (PBL) is a valuable driver for equitable education for English Learners. Project design focusing on the needs of ELs promotes meaningful collaboration, elevates access and participation in rigorous knowledge and skill development, allows for continuous assessment and differentiation, and leverages the students’ native language. SLUSD will present a resource bank of PBL units that demonstrate how ELs needs are at the forefront of the design process that fosters culturally sustaining, authentic learning for our students.

Students growing up in the 21st-century are more interconnected than any other generation. They have ample opportunities to engage in local and global college, career, and recreational activities. Our societal and cultural climate today requires students to be interculturally competent, excellent communicators in two or more languages, and interdependent collaborators with people from all over the globe. These types of skills are developed through a range of content embedded supports.

• Leading Effective Change: Translating Critical Thinking into Practice

10:45 AM - 12:00 PM

As a young man in the 1960s, **Ramón “Chunky” Sánchez** joined the picket lines in the California fields with César Chávez, demanding justice and better wages. He discovered that music could be a powerful weapon in creating social change, becoming Chávez’s favorite musician. Chunky’s journey is a remarkable lens on a time when young Mexican Americans became Chicanos. Chunky used art to build community, employing humor, honesty and songs to inspire folks to stand up and speak truth to power. His arc of transformation from marginalized farm kid to charismatic activist reminds us that the battle for freedom has to be fought anew by every generation.

Paul Espinosa, an award-winning filmmaker based in San Diego, California, has been involved with producing films for nearly 40 years, specializing in both documentary and dramatic films focused on the U.S.-Mexico border region. His films have been screened at festivals around the world and have won many awards including eight Emmys.

Both visionary and advocacy-driven educational leaders, Miguel Ángel Mendoza González, Secretario de Educación del Sistema Educativo Estatal de Baja California, and Tom Torlakson, former State Superintendent of Public Instruction (SSPI) with the California Department of Education, have positively impacted the education and lives of cross-border students, their families, and the educators who serve them—not only on a statewide scale, but internationally, as well.

With courageous and strategic leadership, former SSPI Torlakson and Secretary Mendoza González have promoted and supported collaboration between the teachers, administrators, and the educational systems of California and Baja California. By forging strong, lasting connections with each other and between other educational leaders in Mexico and the US, these administrative advocates have put binational educational policy into powerful practice throughout the Cali-Baja region.

CABE applauds their ability to reach across our southern border to create this highly significant and valuable binational partnership. By working together, understanding the complex issues facing cross-border students and their families, and supporting the educators who serve them on both sides of the border, both leaders have had a remarkable and enduring influence on education in the Cali-Baja region while “building bridges, not walls”.

CABE deeply values its partnerships with the California Department of Education and the Sistema Educativo Estatal de Baja California and recognizes that the leadership of these two advocates has already made a tremendous impact on our binational work in both Baja California and California. CABE looks forward to continuing this cross-border collaboration for years to come.

The CABE Board of Directors is proud to present Miguel Ángel Mendoza González and Tom Torlakson the CABE 2019 “Building Bridges, Not Walls/Construyendo Puentes, No Muros” Award!
An education advocate on both sides of the US-Mexico border, Yara Amparo López López is truly a cross-border champion with many years of experience working to strategically support binational students, their families, and the educators and educational systems that serve them in the Cali-Baja region. Her compassion-filled leadership has made (and continues to make) a lasting difference in the educational and lifetime success of so many.

Amparo leads the Binational Migrant and English program in Baja California, and with her team, supports educators who work with the over 50,000 US-born children living and attending school in Baja California. She has worked strategically to build partnerships that support binational students and their families as they face the opportunities and the challenges of living and interacting on both sides of the border. Amparo has purposefully collaborated with CABE in the implementation of a cross-border professional development program (Binational GLAD®) and has played a key role in supporting a binational teacher education program with universities in California and Baja California.

The work of Yara Amparo López López with schools in Southern California and Baja California offers cross-border students and their teachers the opportunities they need and deserve to realize educational equity, multilingualism, and 21st century success in their own binational lives and futures.

The CABE Board of Directors recognizes and applauds Yara Amparo’s life-long passion as a bilingual, binational servant-leader and is inspired by her ability to reach across borders, to take risks, and to form partnerships and relationships that help to build “bridges, not walls” through policy, pedagogy, professional learning and practice. CABE is honored to work with her as a close partner and to recognize her powerful impact on both sides of our southern border.

The CABE Board of Directors is proud to present Yara Amparo López López the CABE 2019 “Cross-Border Education Champion” Award!
Legacy Award
Norman C. Gold
*Educational Leader, Advocate, Researcher, Consultant*
*Norm Gold Associates*

A life-long, multilingual advocate for California's English Learners and bilingual programs for more than 30 years, Norm Gold has made an impact on literally thousands of students and educators. Through his leadership role at the California Department of Education in the Bilingual Education Office and the School and District Accountability Division, he has impacted state wide systemic support and monitoring of schools and districts. As a key consultant to many districts, schools, and programs, he specializes in systems development for education, with an emphasis on language, learning, and equity. He has supported numerous districts in deep and intentional professional development and strategic guidance to strengthen and develop effective programs for English learners.

Most recently, as Project Director of the English Learner Leadership and Legacy Initiative-ELLLI (a project of Californians Together in partnership with CABE) Norm has helped recruit and develop a new generation of bilingual/English Learner advocates that will cultivate and guide the field for many years to come. His leadership has inspired a new generation of leaders as well as motivated and modeled for those more experienced in the field. Under Norm’s leadership, the ELLLI project has been highly collaborative and has flourished, tapping into the expertise, insights and needs from mentors, fellows, and steering committee members.

Fully multilingual in Spanish, Portuguese, and English (and with knowledge of Catalan, German and Italian), Norm’s work in the areas of language, linguistics, curriculum and evaluation with California schools and districts, as well as internationally in Mexico, Central America and Europe, has been an example of what multicultural, multilingual, advocacy-oriented leadership looks like. He has embraced his career with a passion for learning and inspiring others and has carried that over to his personal life. He and his wife, Gina, have shared their love for learning, adventure, and life with their two daughters’ families and four grandchildren.

The success of his professional work and his personal passion for bilingualism, social justice, and equity for all, combine to provide him with a unique perspective on how educators can make lasting improvements and hold themselves accountable for language and academic results for English Learners. His legacy has made, and will continue to make, an impact on current and future generations of bilingual students and educators.

*The CABE Board of Directors is proud to present Norm Gold the CABE 2019 “Legacy” Award!*
Courage to Act Award

Jorge Bermúdez
Musician, Songwriter, Advocate

Having dedicated much of his life to helping immigrant children, Jorge Bermúdez was an immigrant child himself from Nicaragua. He learned English at six years old and later became a proud US citizen. He was introduced to the violence of racism in the 1950's when his brothers were bullied and beaten up because they spoke English poorly.

As a life-long percussionist/songwriter, he performed with many famous artists throughout his 50-year career in music. His songs can be heard on many TV shows, such as “Desperate Housewives,” “CSI,” “Jane the Virgin,” “Dexter,” and many more.

Today, he uses music and music therapy to give voice to children from separated families and to bring more awareness to the horror of their plight. He wrote a song called "Angelitos" that he truly hopes can give immigrant children and families seeking asylum at the border renewed hope for a new life in the United States. Jorge says he wants to make a difference with music that will touch the “corazoncitos” of young ones.

Jorge can attest to the difference musical therapy can make through his work with disabled kids at The Pasadena Rose Aqua Bowl Center. Presently, he spends much of his time producing songs for children and adults about social justice, while undergoing treatment for an aggressive form of cancer. CABE’s Board of Directors celebrates the music of Jorge Bermúdez that inspires and motivates many to courageously act in support of our immigrant students and families.

The CABE Board of Directors is proud to present Jorge Bermúdez the CABE 2019 “Courage to Act” Award!
Visionary Leadership Award
California Teachers Association
Eric C. Heins, President
Theresa Montaño, Vice President
David B. Goldberg, Secretary-Treasurer
Joe Nuñez, Executive Director

With a long history of taking a firm, impactful stance in support of the California’s Dual Language Learners, English Learners, all learners and the educators who serve them, the California Teachers Association (CTA) has been a leader in supporting both student and teacher rights. CTA has also helped shift the dialogue towards promoting and implementing policy and programs that support teaching and learning for all students, especially those of diverse cultural and linguistic backgrounds.

CTA’s heroic role in supporting both Propositions 58 and 55 in 2016 advanced the growth of multilingual programs throughout the state and increased the funding needed to ensure a strong tax base for our education and health systems. CTA’s recent endorsement and visionary support of Tony Thurmond for State Superintendent of Public Instruction exemplifies how the organization put the needs of diverse students and their families first by promoting the selection of a new Superintendent of Public Instruction who understands and supports the needs of teachers and school communities.

Under the leadership of CTA, student and educator rights have been, and continue to be, promoted with innovative resources, highly effective teaching tools and strategies, and a clear public voice and presence. CABE thanks CTA for its strong leadership and active support and advocacy on behalf of the students and educators of California.

The CABE Board of Directors is proud to present the California Teachers Association with the CABE 2019 “Visionary Leadership” Award!
Chapter Structure
For over 30 years, the Ventura County CABE Chapter #48 in Region V has been continuously active, with a working Board and a growing membership that includes classified employees, K-12 teachers, administrators, parents, university professors and retirees. The six meetings per year focus on a variety of topics including best instructional practices for English Learners (ELs), successes/challenges in their local districts, research in the field of bilingual education, trends in program development and legislative updates. Officers use quarterly chapter newsletters and a website for communication with members. The chapter annually awards scholarships to high school seniors, and numerous CABE Teachership Awards have been granted to local students enrolled in the California State University, Channel Islands (CSUCI) teaching credential program.

Membership Growth
Chapter #48 has a steadily growing membership, from 55 members in 2014, to 127 members in 2018. Their annual Ventura County Bilingual Education Conference serves as the main vehicle for recruiting, sustaining and increasing membership.

Parent Engagement
Parent engagement is a critical component of the chapter’s leadership and advocacy work. Presently, 13% of their active CABE members are parents and one of the chapter’s main goals is to increase the number of parent members and their engagement in chapter activities. The chapter’s annual conference offers several workshops in Spanish or with Spanish interpretation on topics that are beneficial for parents. In addition, the chapter collaborates with local districts that have implemented CABE’s Project 2Inspire parent leadership program.

Advocacy and Leadership
Proactive community involvement is at the core of this chapter’s vision; members actively advocate for the rights of ELs, their families, and the educators who serve them, by being involved in School Site Council, PTA, ELAC and DELAC. The chapter continually participates in statewide advocacy campaigns, by making calls to voters, testifying at State Board meetings and co-sponsoring the CSUCI Social Justice Conference. Several members are involved with the English Learner Leadership and Legacy Initiative (ELLLI) and are working in collaboration with local universities on the teacher shortage.

To ensure that the chapter and its officers are up-to-date with new legislation and initiatives in bilingual education and to learn about the different ways to remain proactive, the chapter sends a representative to CABE’s annual Joint Delegate Assembly (JDA), who then shares what they learned at JDA with the chapter members.

Vision
Ventura Chapter #48 strives for excellence in bilingual education by ensuring that its practices and initiatives support the state CABE vision of “Biliteracy, Educational Equity, and 21st Century Success for All.” The chapter’s collaboration and outreach within the local community have been a living testimony of its vision and commitment to bilingual programs and to all English learners and their families.

“I believe it is our life's work to figure out who we are, what we think, what our gifts are, and how we can make a difference in this world.”

Cynthia Cota explains that this quote by Maria Shriver accurately describes her motivation in leaving her career as a marketing executive and going back to school to become an educator. She aims to effectively teach students who come to school with a primary language other than English and to facilitate the learning process for them to become bilingual, biliterate/bicognitive, and multicultural.

Cynthia has three objectives in becoming a bilingual educator. The first is to guide students towards developing open minds. Global quandaries, political divisiveness and social media feuds have become a negative focus in our society, and she believes that open-mindedness through critical thinking is an effective way to combat it. Bilingualism and biculturalism give perspective and open students’ minds to new worlds of literary works, music and art. She is a native San Diegan who is proud of her Mexican heritage, language and culture, which help her make connections with students from Latin America, who can see themselves in her.

The second objective is to give future bilingual generations confidence in their communication and problem-solving skills. Because she was bilingual, as a marketing executive she felt confident about her ability to communicate with and understand the needs of clients from all over the world. She knows that being bilingual will boost her students’ self-esteem and allow them to also communicate effectively with people of different languages and cultures.

Lastly, as a bilingual social studies teacher candidate, she looks forward to teaching government, geography and current affairs in Spanish. Everyday her students make connections between the past and the present, between people and significant events. She finds that in re-reading stories about the Civil Rights movement, immigration discrimination, labor rights and other historical events, she encounters many parallels to current events. By retelling history through a multicultural lens in 2019, she knows she is making an impact on her students. She also hopes to teach Ethnic studies, where she can give our country’s hidden heroes a voice and a platform among her students.

She plans to inspire students by engaging them in dialogue and encouraging them to dig deeper through research on issues that fascinate them. Her SDSU program has given her theoretical knowledge on important socio-political issues and tensions surrounding language policy, and the ability to work side-by-side with key stakeholders with a commitment to create inclusive learning communities. One professor wrote, “She displays a deep understanding of the differentiation of instruction needed to meet the academic and linguistic needs of all students. It is obvious that she enjoys teaching and expects the very best of herself and her middle school students.” Her dual language credential program has made her even more proud and confident about being a Mexican-American woman who, even as a mother of three, is reinventing herself—for her children, for her community, and for herself.
Gabriela Velázques describes her commitment to becoming a bilingual teacher as an ever-growing journey and a long-term goal. Early in her childhood, her parents instilled in her that being bilingual was precious and would allow her to cross over into different worlds. They insisted that her bilingualism was a privilege, not to keep to herself, but to share. She whole-heartedly believes they were right.

As a bilingual teacher, her first goal is to ensure that students become fluent and master the subject matter knowledge in Spanish. She intends to motivate her students to, not only become proficient in Spanish, but to also understand its many benefits—academic, economic, and social. She wants her students to successfully navigate different registers of Spanish—social, colloquial and academic.

Her second goal is for students to tap into the power of language to become agents of social change and to use that power to connect with communities in order to empower them socially, economically and politically. She maintains that bilingual education provides opportunities for people to come together and that it not only teaches students about language and subject matter, but also about the cultures and traditions of Spanish-speaking communities locally, nationally and internationally.

Her professors report that she shows outstanding academic and professional promise as a bilingual teacher. They recognize Gabriela as unique and exceptional in that she is prepared to teach at both the elementary level and at the secondary level in Math and Spanish. As a peer mentor in the College of Education's Educational Equity program, Gabriela tutors and advises students individually, makes presentations to prospective credential candidates and works with students in inner-city schools. It is through her dedication and service at both on and off campus recruitment efforts such as EduCorps, Feria de Educación, Future Scholars Conference and work with the STEAM Pre-Teaching Club that she has solidified her interest in working with underrepresented youth.

Gabriela is currently employed as a Student Assistant Peer Mentor for the Faculty Student Mentor Program and Educational Equity Program in the College of Education and participates in a grant initiative to create future teacher clubs in local schools. Gabriela has also served as a counselor for the Department of Defense Naval Air Station in Italy.

Her background and family experiences have increased her understanding and consciousness of the existing inequities in our educational system and facilitate relationship-building strategies with her students as she is able to relate to their own experiences.

In addition to being a great role model for students in public schools and at CSU, Sacramento, Gabriela's academic promise, her experience working with students, and her contribution to the College of Education, university and Latino community at large have been exemplary.

*Cabe is proud to present Gabriela Velázques the Cabe 2019 Alma Flor Ada Teachership Award!*
Bilingual Teachership Award

Karla Ortega
San Diego South County Chapter #65, Region 4
San Diego State University

As a bilingual teacher, Karla Ortega wants to inspire students to learn a second language, starting at a young age. She says, “I want my class to be fun, interesting and to have students engaged in the subject.” What she wants for her students is for them to have more choices in the future, and more opportunities—the kind of opportunities that come from being a fully bilingual, biliterate and multicultural global citizen.

Karla grew up in the same community where she now practices her teaching, which makes it easier for her to relate to her students and vice versa. She studied abroad in Mexico when she was working towards her BA. She remembers, “I can say I consider myself to be fully bilingual, but being in a new Spanish-speaking country taught me a lot about my first language, Spanish.”

When she worked as a bilingual tester at a middle school, students would come into her office during lunch to get help with homework and she talked to many parents about their concerns and struggles regarding their child’s education. Araceli says, “I want to be one of those bilingual teachers that can make a difference for students struggling with a new language. I want to help newcomers feel welcomed. I want to help them hold onto their roots by being a teacher who understands them and speaks their native language.

One professor notes, “Karla has been trained in Ballet Folklórico and has participated in various events for many years. This additional skill is such an important contribution in bringing to the forefront, cultural understanding and music to students and schools.”

Karla thinks it is important to have a bilingual education program for students like herself, who want to learn a second language and later facilitate others learning that language. She researched for months before selecting a program and school. She says, “I started with the SDSU bilingual teaching program and went on to look at other programs, but I always came back to SDSU.”

Her professors all agree that Karla has a strong sense of who she is as an educator, as well as a strong belief in the worth of all students and their ability to achieve. She is eager to try different techniques to reach her students and encourage their continued learning. She is enthusiastic about teaching all students and uses various interactive approaches. One professor remarks, “In teaching Spanish, Karla not only scaffolds instruction to prepare students to learn, she also differentiates instruction to meet the academic and linguistic needs of all her high school students. She loves teaching Spanish!”

Now that she is in the classroom student teaching and can see the impact bilingual teachers can have on students, she says, “I am grateful for bilingual teachers and hope to become a role model to others one day.”

CABE is proud to present Karla Ortega the CABE 2019 Bilingual Teachership Award!
Jaqueline García Pelayo has a passion for learning and teaching and loves working with children. She is strongly committed to becoming a bilingual teacher because, as an English Learner herself, she understands the desperate need for them, as well as the potential impact of a bilingual educator. She faced many academic challenges on her own educational journey, and these motivated her to give back to her community. She says, “I was not fortunate enough to have been placed in a bilingual school, so I had to swim or else I would sink like many of our non-English speakers.”

She has been a tutor for the Migrant Education and California Mini-Corps programs and because of those experiences she became driven to serve this population of students. Her background as a migrant student helped her develop empathy for those students and the determination needed to be effective in the classroom. Her principal notes that as a tutor, “her commitment and dedication to providing our youth with the best of herself as an educator are noteworthy.”

Her goal as a bilingual teacher is to address students’ needs through an equitable and culturally inclusive bilingual education—one where students are proud of their native language and understand the value of multilingual education. Jackie says that she wants to help educate and bring more awareness about bilingualism, so that what is often seen as a deficit, is valued instead, as an asset.

Jackie was fortunate to be given the opportunity to participate in a federal grant (facilitated by a consortium of county offices of education) to create a comprehensive program for participants that included the development of Education Advisors, mentorship, testing support, and a clear pathway to obtaining a credential. Jackie was instrumental in achieving all of those objectives. She took on the role of Education Advisor, meeting with participants, mapping out their pathway to a credential, advising them on testing strategies for taking the CBEST and CSET, enrolling them in their online education course and tracking their progress in the course, making modifications for various populations, and creating hands-on learning lessons for participants.

Besides all of the work Jackie does behind the scenes, she also takes on a major role in front of participants. Jackie is a natural born teacher. She continually praises her students and encourages them to discover learning on their own terms while gently nudging them along when they get stuck on a concept. The grant advisor says, “The most important thing I have observed in her training sessions is Jackie’s patience with all learners, as well as her encouraging and engaging personality. She makes you want to learn and challenge yourself. If my children were still in school, I would fight to have Jackie as their classroom teacher. And as her employer, I am sad that I will be losing her to the classroom, but I’m inspired by the knowledge that she will have such a positive effect on countless children.”

CABE is proud to present Jaqueline García Pelayo the CABE 2019 Carlos Penichet Teachership Award!
Pursuing a career as a bilingual teacher was something that captured the interest of Araceli Jiménez ever since she started to work with students in schools within her community. In these schools, the students had similar backgrounds to hers, which created a connection between them—a connection where there was a sense of belonging and acceptance based on their similar cultural assets.

Araceli believes that bilingualism plays an important role in education because learning two languages expands children's cognitive skills. Children have the opportunity to thrive in a diverse society where they learn about another culture, another way of life, and/or make connections within their own culture. She says this helps children to become more open-minded and to learn to accept differences, in order to create a collaborative learning environment.

When she was a long-term substitute AP Spanish teacher at a high school, students were struggling because they hadn't had a regular, continual teacher present in their Spanish class. As challenging as it was, she moved forward because her goal, as a bilingual teacher, was always to create an effective learning environment where students are taught concepts, knowledge, and skills through the language they know best, and that are then reinforced through the Spanish language. Araceli explains, “Once students saw my commitment in cultivate their curiosity and interest in learning, they became more motivated to learn and gained a better sense of themselves and their futures as bilinguals.”

Her student teacher supervisor believes that Araceli will make an excellent teacher and leader. He says that during his classroom observations, Araceli demonstrated the skills, content knowledge and demeanor necessary to develop into a professional bilingual educator. He says, “Araceli believes that as a bilingual teacher, she will make a difference in the lives of her students and her professors are certain that she will bring the same sense of self-efficacy to her studies at UCI.” In addition to working as a long-term substitute at a high school, she has had other educational roles, such as a small group math instructor, after-school instructor, and Education and Outreach intern. Her supervisor describes Araceli as committed to working in the dual immersion field and that she shows great promise.

Another of her professors states that she is strong in lesson organization, communication in both languages and in planning appropriate support for all learners. Her student teaching assignments so far include two-way immersion in Spanish, third-grade immersion in Spanish, and currently she is student teaching in a sixth-grade two-way immersion classroom in Spanish.

As a native Spanish speaker, from a home where Spanish is still used as the main form of communication, Araceli values her home culture and language and knows that it is very important to her identity. She will be a teacher that strongly promotes social justice and celebrates cultural and linguistic diversity in her future classroom.

CABE is proud to present Araceli Jiménez the CABE 2019 Chuck and Estella Acosta Teachership Award!
Tania Cortez has worked closely the past 10 years with the Director of English Learner Programs in the Palmdale School District, who has noted Tania’s passion and commitment to serve the parents of English Learners in the district, as well as other parents in the community-at-large. During that time, Tania educated herself about English Learner programs, developed her leadership skills, and became an outstanding advocate on behalf of students, parents, families, and the community.

When she attended her first District English Learner Advisory Committee (DELAC) meeting as a parent representative for her school, Tania took her responsibility as a representative seriously, asking many questions, so that she could bring back that information to the parents in her school’s English Learner Advisory Committee (ELAC). The Director of EL Programs says that Tania’s “thirst for information and knowledge has not waned over the years and other parents now look to her as a source of information and as a ‘go to’ person to assist them when they have questions.” The Palmdale DELAC parent group has put their trust in her numerous times over the past several years by electing her to the position of secretary three times and vice president three times. Tania also serves as a parent representative on the District’s LCAP committee and gives valued input.

Tania has developed into a strong parent and community leader and continues to develop her leadership skills through participation in programs, such as CABE’s parent leadership program, Project 2Inspire (P2I). CABE congratulates Tania for her recent completion of the P2I Expert Level, which has prepared her to facilitate this program for other parents in the district. In addition, Tania is a leader in the community-at-large, advocating for parents and families. She has been active with First 5 LA in the community, as well as with other organizations that support immigrants and families.

CABE is proud to present Tania Cortez the CABE 2019 Parent of the Year Award!
As an immigrant, Emma O. Avalos has worked hard to obtain her dreams and is proud of the many hard-working families in this country who keep dreaming despite the current challenges they have to face. Her immigrant experiences help her better understand the community she serves and the resources available. Because she believes that education is the key to surviving and thriving, she encourages parents to become active in their children’s education. She asserts that “most of those families we serve are in great need of support and I am blessed to help a little in one way or another.”

As a mom, she can relate to a parent’s desire to provide the best future possible for their children. Growing up, she was taught that perseverance will take you to where you want to be. She says, “My dad lost his left arm when he was thirteen and conquered many challenges. To me, he is my hero. I want to be able to share my dad’s story to inspire others, because he showed me how limitations can be overcome.”

After coming to the US, she gradually became bilingual, and promised herself that she would provide her children opportunities to become bilingual also. Therefore, when her oldest child was ready for kindergarten, she felt fortunate to find Adelaide Price Elementary School’s Dual Language Immersion program in the Anaheim Elementary School District. Both her children participated in a high-quality K-6 DLI program at Price Elementary, continued at Sycamore Junior High, and are pursuing the Seal of Biliteracy with their high school diplomas.

Emma became a classroom volunteer, communicating bilingually and supporting the program with translations to build relationships among parents. She promotes teamwork and shares this quote from Helen Keller, “Alone we can do so little: together we can do so much.” She believes this quote is “just perfect when it comes to being inclusive and allowing people to share their talents.”

She currently works full-time as a Family and Community Engagement Specialist at Adelaide Price Elementary School. Her mission is to make a daily difference through the quality of her work and the respectful manner with which she greets and interacts with parents, students, and staff on a daily basis.

Emma has been recognized for her exceptional work with two special awards, one from Orange County Department of Education Language Learner Success 2016 and the other as Adelaide Price School Classified Employee of the Year 2014-15.

Emma is a very dedicated volunteer who makes sure her children have volunteer opportunities for themselves. Serving CABE, AESD, AUHSD, as well as her community and church are some of the most rewarding experiences of her life. She is trying to also be a role model for her children, so they can also enjoy giving back as well.

As a four-year-old Argentine immigrant, Malena Diez Peterson struggled deeply with her desire to fit into American culture. She grew up feeling different due to having no concept, for example, of the cultural traditions surrounding her. Her teachers recommended Special Education testing when she struggled to be at grade level during grades 1-5. By 6th grade, however, she was an honor roll student and today attributes her progress to two amazing teachers who encouraged her to believe in herself, to persevere, and to use what she knew in Spanish as a foundation for what she was learning in English. It was this life experience that fueled her desire to become a bilingual teacher.

With the goal of creating global citizens, she prepares her students to reason critically, analyze the vast amounts of information at their fingertips, and use their resources to innovate solutions for the problems they see around them. Mindful of the complex social, political and environmental issues that students face, she uses thematic units of inquiry to help them make cross-curricular connections and to challenge and empower them to use their voices, skills and talents to take action and make a difference. Malena explains, “Especially in these polarizing times that we live in, one of my main objectives is to teach my scholars to develop open-mindedness and appreciation for the diversity they encounter in the world around them, and to analyze how the richness of this diversity adds to the tapestry of this country and of the world.”

Malena’s classroom and school experiences have included dual immersion lead teacher (Spanish), mentor teacher for student teachers, grade-level representative on an Instructional Leadership Team and numerous committees, WASC coordinator/editor, grant writer, curriculum developer, and more.

Additionally, she has spear-headed, coordinated, modeled, coached, and supported the implementation and integration of research-based best practices and strategies, such as GLAD®, WRITE, TPR, SDAIE, PLC, DOK activities, critical thinking skills, STEM/STEAM projects, parent engagement, home–school connections, and a Meet the Masters art program. Her innovative instructional style fully engages all students and ensures that they will be academically prepared. She received recognition for having her 2017-2018 class rank number one in the Fontana Unified School District for Language Arts scores in CAASPP state test, and number five in Mathematics.

Malena fosters multiculturalism in her school community by having students participate in Chinese language and culture lessons as part of an enrichment program and by involvement in other events, such as Career Day, Family Reading Night, Folklórico Dance presentations, African American Heritage assemblies, Chinese New Year performances, and an annual Thanksgiving Food Drive.

Notably, she created a highly engaging and interactive standards-based social studies curriculum of a “Trip Around the World” for students to ‘travel’ to 15 different countries to develop multicultural awareness and appreciation. As students investigate their families’ traditions, they develop a powerful appreciation of how their culture and traditions make up part of the mosaic of who they are.

Malena brings deep passion, over the top commitment, instructional excellence, and beautiful creativity to her classroom and community and equally shares the love of language and culture with her family. She and her husband, Chris, are raising three beautiful, fully bilingual and biliterate daughters—Aubrey, Anya and Alesia.

Ramón Zavala began his career in education as a second-grade teacher with a class of 30 English Learners in an early-transitional bilingual model. He later placed his own English-only children in a dual immersion program and began encouraging the inclusion of English-only students in bilingual education. Central to his philosophy of bilingual education is the belief that “students’ educational success be clearly and explicitly addressed in a comprehensive manner that builds on their languages, cultures, experiences, skills, and resources in order to graduate them college and career-ready and globally competitive.”

In pursuit of this goal, Ramón has served in many roles as a bilingual educator, including teacher, assistant principal, principal, senior director, supervisor, and assistant superintendent. As a principal, he initiated a district’s first dual language immersion programs, garnering a five-year Title VII grant to support the DLI program and expand it to other schools. As a senior director, he facilitated a district’s participation in the PROMISE Initiative, a five-year, six-county K-12 research project on best programs and practices for bilingualism, biliteracy and multiculturalism for ELs.

As a school and district leader, Ramón has written numerous grant applications, designed district EL master plans, created various language pathways to engage students in high-level multilingual programs that lead to the Seal of Biliteracy, and aligned programs, curriculum and assessments to the English Learner Roadmap.

He has coordinated EL workshops for staff, parents, and community, organized student outings to youth leadership conferences, university campus visits, and job shadowing, promoted EL participation in multilingual programs, AVID, and AP courses, and most recently, in November, his district was awarded a one-year state grant to promote the arts throughout the curriculum.

His service to CABE has been just as varied and includes a 10-year period as a CABE Board member in a variety of roles. His advocacy work has extended into the community because, as he says, “I believe it is important to keep stakeholders informed about EL funding, compliance issues, instruction, and assessments. I’m convinced that well informed communities tend to support innovative programs for English Learners.”

CABE is proud to present Ramón Zavala the CABE 2019 Administrator of the Year Award!

Elm Street Elementary School was established in 1948 and serves 575 students in grades kindergarten through the fifth grade—98% Latino, 93% socio-economically disadvantaged, and 76% English Learners. Elm currently offers two educational programs, Dual Language Immersion (DLI) and Structured English Immersion and has begun transitioning to a full DLI school with this year's kindergarten class.

Elm prides itself on having an educational focus on the Environmental Life Sciences and Mathematics where students are engaged in instruction and activities connected to this focus. In the classrooms, teachers plan, prepare and facilitate instruction and learning using the Next Generation Science Standards and science labs for hands-on experimental learning. This focus aligns with Elm's school mission which is to insure all students receive a high-quality education from fully trained teachers who use scientifically-based research practices because Every Learner Matters.

Elm's DLI teachers have acquired rigorous research-based instructional strategies that include building oracy, reading and writing strategies, and language and content allocation plans. In addition, teachers receive on-going professional development in Spanish to hone their academic Spanish language skills. Staff members at Elm commit to educate with intensity, a positive attitude, and enthusiasm with respect for students, parents, each other and all staff.

Parents play an active role in parent engagement opportunities provided by the school which include workshops and classes on a variety of topics, family nights and volunteering in their children's classrooms. Elm parents have engaged advantageously from participating in the CABE Project 2Inspire series of classes such that now many of them are at a level where they facilitate trainings for other parents. At Elm it is realized that the school belongs to the community and its charge is to include, educate and serve the community at large to the best of their abilities in meeting and supporting the community’s needs, and especially those of the students.

At Elm, the staff prides themselves in providing the best start on a journey of lifelong learning for all of their students. The teaching and learning conditions that have been established are proven effective and demonstrate substantial improvement in student learning as well as professional capacity. Students are celebrated and recognized for bringing their cultures and languages to the school community for these are assets which are valued and built upon responsive curriculum and activities involving the whole community.

The entire Elm community is committed to provide all students a coherent, articulated and aligned set of practices and pathways, beginning with a strong foundation in early childhood and continuing through to reclassification, graduation, higher education and career opportunities. With a sprinkling of love, commitment and care, Elm creates pathways for each and every student's readiness and success in a globally diverse, multicultural and twenty-first century world because at Elm Street Elementary School, every learner matters!

At Voorhies Elementary School in the Bakersfield City School District, the word family is a qualitative observation of students, parents, and educators who have been dedicated to the ideal of ensuring students are bilingual, successful, culturally-sensitive and ready to compete in the twenty-first century. The success of the students and the school rests upon these relationships and the sound achievement data for the students in Voorhies 90/10 Dual Language Immersion (DLI) program. It has been a solid journey of challenges which has ultimately led to student success.

Voorhies is located in a deeply-rooted community in East Bakersfield of working-class families, including migrant farm workers. The school enrolls 1002 students with 380 in the DLI strand grades TK to six. Forty percent of the students are English Learners while 15% are reclassified. The DLI program at Voorhies has been in existence for twenty-one years and started with a dedicated group of teachers and parents where Voorhies was to serve as a model for other future DLI schools. During this time, policies and practices driven by Proposition 227 created many challenges to sustain these programs at many schools throughout the district and the state. While other schools’ programs did not survive, Voorhies’ DLI program stood the test of time due to the heart and grit of the teachers, parents and community.

The instructional program at Voorhies is grounded on the ideals of ensuring students are engaged in the learning process while developing true biliteracy in both English and Spanish. In order to support the daily learning, there is dedicated time to allow all teachers to plan and collaborate on a weekly basis and in addition, the DLI teachers meet to collectively discuss and refine their lessons. The study and implementation of The Guiding Principles for Dual Language Education and the EL Roadmap policy have helped the school to refocus, reignite and realign instructional practices to ensure that there are high expectations for every student and standards are taught at high levels of rigor. One of the most important outcomes is the assurance all students become biliterate and multicultural citizens of their community and world.

Parent and community engagement is a major component that drives student success at Voorhies. A parent center is dedicated space on campus to allow parents to collaborate, educate and support one another. Parents have been one of the reasons the DLI program has withstood the test of time at Voorhies, for parents as well as students feel safe to voice concerns and share their ideas on making the DLI program the best it can be.

Voorhies is a place where family exists and where love prevails when challenges arise, a family of teachers and staff who want nothing but the best for their students, of parents who are critical partners in their students success, of a community which promotes biliteracy to create a sense of purpose and identity, and of students who are taught to think, communicate and persevere in an ever-changing world full of challenges and promises.

How does being multilingual inspire you?

The dual immersion program has changed my life for the best. Today I am able to communicate, learn, and help people who speak a language other than mine. At first, I thought that learning Spanish would be easy, but it was difficult for me because my family only speaks English. I did not give up thanks to the support of my teachers, the dual immersion program, and my family.

Committing to learn a second language helped me see that by being multilingual I can achieve more dreams and motivate others like me to believe in their dreams. Thanks to my participation in the dual immersion program, I have motivated my whole family to learn Spanish.

My dream is to travel around the world to learn and know more about other cultures and their languages. Being multilingual opens paths not only for me to learn about other communities but also for other communities to learn and appreciate my African-American community and culture. In the future, I can become a bilingual teacher, a bilingual lawyer, or the first bilingual president of this country, but my big dream is to become a police officer and help my community. Being multilingual opens minds, hearts, and creates paths that can break down borders.

¿Cómo ser multilingüe te inspira?

El programa de doble inmersión ha cambiado mi vida para lo mejor. Ya que hoy puedo comunicarme, aprender y ayudar a la gente que habla otro idioma diferente al mío. Al principio, pensé que aprender español sería fácil, pero fue difícil para mí porque mi familia sólo domina el inglés. Pero no me di por vencida, gracias al apoyo de mis maestras, el programa de doble inmersión y mi familia.

Al seguir aprendiendo otro idioma comprendí que al ser multilingüe puedo realizar más sueños y motivar a otros como yo a creer en sus sueños. Gracias a mi participación en el programa de doble inmersión he motivado a toda mi familia a aprender el español.

En mis sueños está el viajar, aprender y conocer otras culturas y sus idiomas. Porque el ser multilingüe abre caminos, no solo para que yo aprenda de otras comunidades, sino para que también otras comunidades conozcan y aprecien mi cultura y mi comunidad Afroamericana. Al yo ser una persona bilingüe puedo llegar a ser una maestra bilingüe, una abogada bilingüe, o la primera presidenta bilingüe de este país, pero mi gran sueño es ser un oficial de policía y ayudar a mi comunidad. El ser multilingüe abre las mentes y corazones para crear caminos y derribar fronteras.
Being Bilingual Inspires Me

I was not born into a bilingual family. However, when I started Kindergarten at Patrick Henry, I was mainly spoken to in Spanish. In fact, I only had thirty minutes of English a day. It was confusing when I first started school, but it was okay because everyone my age was being spoken to in Spanish like I was. Now I know that many schools are taught only in English and I think that would have been much easier. But being taught Spanish and English the past four years has inspired me in many ways. It has inspired me to overcome challenges, be appreciative of other cultures, and gain more confidence in myself. Plus, it’s really cool!

It has been a challenge to learn both Spanish and English. My Spanish teachers have different backgrounds. I have had Mexican, Panamanian, and US teachers. They have different accents and speeds to the way they speak. For example, my first-grade teacher was from Panama and she spoke really fast. Each year I have to get used to these ways of speaking in order to learn—and that is just in Spanish. Each year I have a different English teacher. I understand the English teachers better, but because I am taught more in Spanish sometimes it is hard to do things in English. Right now, I have English language arts and social studies in English and my mind has to make the switch. Another challenge is that, if I need to get help for homework, my mom can’t help because she isn’t bilingual, but thankfully my dad is! I have to look everything up which takes extra time and effort. Being at a bilingual school has taught me how to work hard to accomplish something. I know that by learning to work hard early in my schooling, I will continue to be able to work hard even as an adult when I am working full-time.

Another way that I have been inspired by being bilingual is that I have a greater appreciation for other cultures. At my school, teachers are from all types of countries and cultures. Some are from America and learned Spanish on their own, some are from Mexico, Panama, and Peru, to name a few. They always share their culture with us. I am influenced everyday by the pictures in their classrooms, their language, and personalities. But we also have special activities at school that have influenced my appreciation of culture. Every year we have a Fit-a-thon. Each class represents a different country and we have the opportunity to learn about the culture of that country. I have learned about Japan, Panama, Bolivia and Denmark. We also have a big dance recital every year at our school. It is called “Ballet Folklórico”. I don’t dance in it because I don’t like to dance, but my sister has performed for two years. Each grade gets assigned a Latin country and they learn a dance from the teachers. My sister has represented Mexico and Peru so far. But since I attend the recital, I get to learn more about the dress and dance of several Latin countries. I have not only learned about the culture of several countries, but I have also learned to be sensitive to other people who come from other backgrounds—especially those who are trying to learn another language like I am. I know how hard it is to learn a new language and new phrases or expressions.

Furthermore, being bilingual has taught me to be more compassionate when I meet others who struggle with English. For example, one day my dad had called a man to do some work at our house. He only spoke Spanish and when he came over to give us an estimate on how much the work would cost, my mom and he weren’t able to understand each other. My mom called me outside and asked me to help them understand each other. I was able to listen to both and interpret what each of them said.

Another way that being bilingual has inspired me is that it has helped me be more confident. Like I said before, it has been challenging to learn Spanish. I have had to work hard. Because of this challenge, I know that I can do hard things. I know that if I work hard and put in effort, I have the ability to do other things that may seem hard or impossible. I can apply this to other areas in my life, other than school. I am grateful that my parents let me attend a school that is helping me become completely bilingual. I know that it is helping me to learn to overcome challenges, appreciate and be more sensitive to other cultures, and be more confident in everything I do.
Ser bilingüe me inspira

No nací en una familia bilingüe. Sin embargo, cuando comencé Kindergarten en Patrick Henry me hablaron principalmente en español. De hecho, solo tenía treinta minutos de inglés al día. Fue confuso cuando comencé la escuela por primera vez, pero estaba bien porque a todos los de mi edad se les hablaba en español como yo. Ahora sé que muchas escuelas solo se enseñan en inglés y creo que eso habría sido mucho más fácil. Pero el haber estado enseñado en español e inglés los últimos cuatro años me ha inspirado de muchas maneras. Me ha inspirado a superar desafíos, a apreciar otras culturas y a ganar más confianza en mí mismo. Además, es realmente genial!

Ha sido un reto aprender tanto español como inglés. Mis maestras de español tienen diferentes orígenes. He tenido maestras mexicanas, panameñas y estadounidenses. Tienen diferentes acentos y velocidades en la forma en que hablan. Por ejemplo, mi maestra de primer grado era de Panamá y ella habló muy rápido. Cada año tengo que acostumbrarme a estas formas de hablar para aprender. Y eso es solo en español. Cada año tengo una maestra de inglés aparte. Entiendo mejor a las maestras de inglés, pero como me enseñan más en español, a veces es difícil hacer cosas en inglés. En este momento tengo artes del lenguaje en inglés y estudios sociales en inglés y mi mente tiene que hacer el cambio. Otro desafío es que si necesito ayuda para la tarea, mi madre no puede ayudar porque no es bilingüe. ¡Pero afortunadamente mi papá lo es! Tengo que buscar todo, y eso requiere más tiempo y esfuerzo. Estar en una escuela bilingüe me ha enseñado a trabajar duro para lograr algo. Sé que al aprender a trabajar duro al principio de mi educación, continuará trabajando duro incluso como adulto cuando trabejé a tiempo completo.

Otra forma en que me he inspirado al ser bilingüe es que tengo un mayor aprecio por otras culturas. En mi escuela, los profesores son de todo tipo de países y culturas. Algunos son de América y aprendieron español por su cuenta, algunos son de México, Panamá, y Perú, por nombrar algunos. Ellas siempre comparten su cultura con nosotros. Todos los días me influyen las imágenes en sus aulas, su idioma y sus personalidades. Pero también tenemos actividades especiales en la escuela que han influido en mi apreciación de la cultura. Cada año tenemos un Fit-a-thon. Cada clase representa un país diferente y tenemos la oportunidad de aprender sobre la cultura de ese país. He aprendido sobre Japón, Panamá, Bolivia y Dinamarca. También tenemos una gran función de baile cada año en nuestra escuela. Se llama “Ballet Folklórico”. No bailo en él porque no me gusta bailar. Pero mi hermana ha actuado durante dos años. A cada grado se le asigna un país latino y aprenden un baile de los maestros. Mi hermana representó a México y Perú hasta ahora. Pero desde que asistí al recital, aprendí más sobre el vestuario, el ritmo y el baile de varios países latinos.

No solo he aprendido sobre la cultura de varios países, sino que también he aprendido a ser sensible con otras personas que provienen de otros orígenes. Especialmente aquellos que están tratando de aprender otro idioma como yo. Sé lo difícil que es aprender un idioma nuevo y frases o expresiones nuevas.

Además, ser bilingüe me ha enseñado a ser más compasivo cuando me encuentro con otras personas que luchan con el inglés. Por ejemplo, un día mi papá había llamado a un hombre para que trabajara en nuestra casa. Solo hablaba español y cuando vino a darnos una estimación de cuánto le costaría el trabajo, mi madre y él no pudieron entenderse. Mi mamá me llamó afuera y me pidió que los ayudara a entenderse. Pude escuchar a ambos e interpretar lo que cada uno de ellos dijo.

Otra forma en que me ha inspirado ser bilingüe es que me ha ayudado a tener más confianza. Como dije antes, ha sido un reto aprender español. He tenido que trabajar duro. Debido a este desafío, sé que puedo hacer cosas difíciles. Sé que si trabajo duro y me esfuerzo, tengo la capacidad de hacer otras cosas que pueden parecer difíciles o imposibles. Puedo aplicar esto a otras áreas de mi vida que no sean la escuela.

Estoy agradecido de que mis padres me dejaron asistir a una escuela que me está ayudando a ser completamente bilingüe. Sé que me está ayudando a aprender a superar desafíos, apreciar y ser más sensible a otras culturas, y tener más confianza en todo lo que hago.
How does being multilingual inspire you?

My name is Karina. I am twelve years old. I live with my mom, step-dad, and second youngest sister. I have 2 older sisters, 2 younger sisters and one older step-brother. I am in the 7th grade and I have been going to Los Amigos Dual Immersion School, kindergarten to 3rd grade, and to Dos Caminos Dual Immersion School since 4th grade. The Spanish language has impacted my life in a very strong way and has helped me in many situations in my life and I hope to continue being bilingual for the rest of my life.

I am not Hispanic, my mom’s side of the family is all of European descent. My great grandpa and his parents came to the United States from England as immigrants. My dad’s side of the family are all African American. Based on the places that my family is from and considering that both sides of my family have been living in America for multiple generations, my family speaks only English. My first experience speaking Spanish outside of my school was when my grandpa took me to Rosarito, Mexico. It was so exciting to be able to communicate with other people in a different language than my own and being able to translate for him in Spanish. However, my step-grandma and her daughter both are fluent in Spanish and they have helped me improve in this amazing language over the years I have been in school. Being able to speak Spanish in a household like the one that I grew up in is a huge accomplishment. I am one of the only people out of my whole close and extended family to have the opportunity and privilege to be able to speak both Spanish and English.

When I grow up, my dream is to be an optometrist. I have always liked going to the eye doctor and trying to figure out why they used the things that they do. I have a desire to help others. I noticed that my eye doctor was able to communicate with patients in both English and Spanish. It was very inspiring to see the doctor be able to help so many people in their own language and be able to provide a service to them more effectively then if he only spoke English. Being bilingual in any job or just in the world in general can make someone’s day so much easier. For example, just being able to translate for people, to be able to communicate, could be a huge benefit and advantage in life. Being able to bridge a communication gap brings people together. This is something that has been instilled in me since first starting at Dos Caminos. The mission of Dos Caminos is to create global citizens. According to oxfam.org, “A global citizen is someone who is aware of and understands the wider world—and their place in it. They take an active role in their community, and work with others to make our planet more equal, fair and sustainable.” I am proud to attend a school that creates global citizenship, so that I can be more aware of the world around me and not just the tiny part that I live in. According to the New American Economy Journal, “Demand for bilingual workers in the United States more than doubled. In 2010, there were roughly 240,000 job postings aimed at bilingual workers; by 2015, that figure had ballooned to approximately 630,000.” This means that being bilingual is only going to continue to be needed more and more over the next few years. Therefore, when it is my turn to join the job force, my bilingual skills will put me ahead of those that do not speak more than one language.

Not only do I want to speak Spanish for a better job, but also for a better future and a better life, not only for me but for all the people that I could help throughout my life and make things simpler. I am thankful for this advantage that I have been given due to the encouragement of my family and teachers. I am so grateful to have so many people in my life that support me and have helped me follow this path into a bright future and dedicating so much effort and work not because they had to, but because they wanted me to succeed now as a junior high student, in the future as a college graduate, and then as an adult. I could not ask for a more supportive family and I would never change anything about them. I can guarantee and would say it any day that my life would be nowhere near this joyful. I would not have the gift of being biliterate if I didn’t have my family and for that I am forever thankful that I know a second language to show them that all the work, time, and effort they have put into my education has paid off and will forever help me throughout my whole life, because I can continue the chain of creating more and more communities of global citizens.
¿Cómo ser multilingüe te inspira?

Mi nombre es Karina y tengo doce años. Vivo con mi mamá, mi padrastro y mi hermana menor. Tengo 2 hermanas mayores, 2 hermanas menores y un hermanastro mayor. Estoy en séptimo grado y fui a la Escuela Los Amigos de kinder a tercero y desde cuarto a Dos Caminos. Las dos son escuelas bilingües de doble inmersión. El idioma español ha impactado mi vida de una manera muy fuerte y me ayudó en muchas situaciones y espero seguir siendo bilingüe por el resto de mi vida.

No soy hispana, el lado de la familia de mi madre es de ascendencia europea. Mi bisabuelo y sus padres vinieron a los Estados Unidos desde Inglaterra como inmigrantes. El lado de la familia de mi papá es afroamericano. Basándose en los lugares de origen de mi familia y considerando que ambos lados de mi familia han estado viviendo en Estados Unidos por varias generaciones, mi familia habla solo inglés. Mi primera experiencia en hablar español fue cuando mi abuelo me llevó a Rosarito, México. Fue tan emocionante poder comunicarme con otras personas en un idioma diferente al mío y poder traducirle a él en español. Sin embargo, mi abuela y su hija, ambas hablan muy bien en español y me han ayudado a mejorar con este increíble lenguaje durante los años que he estado en la escuela. Ser capaz de hablar español en un hogar como el que crecí es un gran logro. Soy la única persona de mi familia cercana y extensa que puede tener la oportunidad y el privilegio de hablar español e inglés.

Cuando crezca, mi sueño es ser optometrista. Siempre me ha gustado ir a intentar averiguar por qué usaron las cosas que usan. Tengo muchas ganas de ayudar a los demás. Noté que mi oftalmólogo podía comunicarse con otras personas en su propio idioma y darles un servicio más eficiente que si solo hablaban inglés. Ser bilingüe en cualquier trabajo o solo en el mundo en general puede hacer que el día de alguien sea mucho más fácil. Por ejemplo, solo el hecho de traducir para que las personas puedan comunicarse es un gran beneficio y una ventaja en la vida. Ser capaz de cerrar una brecha de comunicación une a las personas. Esto es algo que se me ha inculcado desde que empecé en Dos Caminos. La misión de Dos Caminos es crear ciudadanos globales. De acuerdo con oxfam.org, "un ciudadano global es alguien que conoce y comprende el mundo en general. Toman un papel activo en su comunidad y trabajan con otros para hacer que nuestro planeta sea más equitativo, justo y sostenible. Me enorgullece asistir a una escuela que impone la ciudadanía global para poder estar más consciente del mundo que me rodea y no solo de la pequeña parte en la que vivo. Según el New American Economy Journal, "... la demanda de trabajadores bilingües en los Estados Unidos se duplicó enormemente. En 2010, hubo aproximadamente 240,000 puestos de trabajo dirigidos a trabajadores bilingües; para el año 2015, ese número había aumentado a 630,000". Esto significa que ser bilingüe solo va a seguir siendo cada vez más necesario en los próximos años. Por lo tanto, cuando sea mi turno de unirme a la fuerza laboral, mis habilidades bilingües me pondrán por delante de aquellos que no hablan más de un idioma.

No solo quiero hablar español para un trabajo mejor, sino para un futuro mejor y una vida mejor, no solo para mí, sino para todas las personas a las que podría ayudar en toda mi vida y hacer las cosas más simples. Estoy agradecida por esta oportunidad que me han dado debido al estímulo de mi familia y maestros. Estoy muy agradecida de tener tantas personas en mi vida que me apoyan a seguir este camino hacia un futuro brillante y que han dedicado tanto esfuerzo y trabajo, no porque tuvieran que hacerlo, sino porque quieren que tenga éxito ahora como estudiante de secundaria y en el futuro como graduado de la universidad y luego como adulto. No podría pedir una familia más solidaria y nunca cambiaría nada de ellos. Puedo asegurar que mi vida nunca sería tan feliz como es ahora. No tendría el don de ser bilingüe, si no tuviera a mi familia y por eso siempre estoy agradecida de que hablo un segundo idioma para mostrarme que todo el trabajo, el tiempo y el esfuerzo que han dedicado a mi educación han dado resultados y siempre me ayudará a lo largo de toda mi vida, porque puedo continuar creando más y más comunidades de ciudadanos globales.

_How does being multilingual inspire you?_

“Dear Mami,

I miss you more each day, since the day you left me. I understand it was God’s will and that it was necessary that you left our family. Mami, there are no words to express that not one day passes by that I miss those sweet words you once spoke, “Nata, come here, my sweet doll.” The distance between us does not matter, or that I live in this world struggling each day for what you once sacrificed. Mami, I understand that you had to leave your family behind on the other side of the border in order for me to have a better life and an opportunity for a better education. The days and years pass by and there are no more family reunions with grandmother or my aunts. When you left us, there was a piece of me that left with you. Eight months from now, I will be leaving to one of the best universities in California, for me to continue my education and one day be the physician that finds a cure for cancer. The greatest gift that you left me with was your native language and the culture that I hold dear to my heart.

Every day I wish I had the opportunity to speak to my “Mexicana mamita” these words, but I cannot. If I had only known her fate, understood at a young age what was happening to her body, that her days were counted. I would tell her that I am thankful for her enrolling me in Kindergarten in a dual immersion program, for having the opportunity to learn two languages. I will never have the opportunity to speak these words to my mother, because she lost her 21-month battle with brain cancer six years ago when I was in the sixth grade. Even though she has been absent in my life for these years, I am grateful for the love she had for language, for “salsa music, mariachi, bachata” and Latin culture. I am grateful for her naming me Natalí, not Natalie, but Natalí con accento! Before she left this world, she gave me the opportunity to be educated in two languages, she left me with a legacy of becoming bilingual, biliterate and bicultural.

My name is Natalí Machado, and this year I will graduate with Academic Honors, as well as with the Seal of Biliteracy after being educated in a dual immersion program for the past 12 years. The greatest gift that my parents gave me was the gift of language and expressing me to a rich Mexican and Puerto Rican culture. It is because of this gift that I am able to communicate with others and understand what it means to be truly multilingual and culturally competent. To understand with an empathetic heart someone who does not speak English and to be open to understanding and valuing other cultures. I feel that besides being linguistically proficient, I am culturally proficient because of my educational experience and appreciation for language, voice, and culture.

Having the opportunity to be multilingual has inspired me to be the best humanitarian that I can be. As a student leader in my school and in my community, I have had the opportunity to learn two languages simultaneously and begin a career path in medicine at an early age. This past summer at the age of 16, I began a medical internship with a physician researcher at UCSD medical school because of my academic achievement in two languages. I am inspired to continue on the pathway to a medical career in order to provide health care to underserved communities. Prior to last summer, I also had the opportunity to be involved for two years in missionary work in San Quintin, Mexico at a migrant camp through Medical Missionaries. Having the ability to speak fluently in two languages provided me with the opportunity to be a translator to adult and teen missionaries who could not speak the language. This volunteer work has inspired me to continue crossing borders to serve as a medical ambassador and provide health care to Latin American countries. My plans in college are to continue in a medical internship as well as continue to pursue medical missionary work to serve financially needy and underserved populations in my community.

I believe my academic success is attributed to having the opportunity to think, speak, read, and write in two languages. My bilingual and biliterate skills have enhanced the opportunities to be a leader and start a career in medicine at a young age. Being multilingual will continue to open doors as well as opportunities in a globally changing world. I am inspired through my medical research to become a physician as well as a researcher and find a cure for the cancer that took away my mother. I hope to attend either Stanford University or the University of California San Diego and continue on my path as a bilingual physician and continue the legacy of being a multilingual Latina from Mexican and Puerto Rican parents.
¿Cómo ser multilingüe te inspira?

“Querida Mami,

Te extraño más cada día desde que te alejaste de mí. Entiendo que fue la voluntad de Dios y necesitaste partir de nuestra familia. Mamí, no hay las suficientes palabras para decirte que no pasa un día sin que te extraño y que recuerdo tus dulce palabras, “Nata…ven para acá, mi dulce muñequita”. No importa la distancia entre ambos, ni que yo vivo en este mundo luchando cada día por lo que tu sacrificaste. Yo entiendo mamita que tuviste que dejar a tu familia del otro lado para darme una vida mejor y la oportunidad de una buena educación. Han pasado los días y los años y no hay más reuniones familiares con mi abuela y mis tíos. Cuando tú te desapareciste, un pedacito de mí se fue contigo. En ocho meses me iré a una de las mejores Universidades en California, para continuar mi educación y poder un día ser la doctora que va a curar el cáncer. El más grande regalo que dejaste conmigo fue tu idioma natual y la cultura que estoy muy orgullosa de cargar en mi corazón.”

Todos los días deseo tener la oportunidad de decirle a mi “mamita mexicana” estas palabras, pero no puedo. Si solo hubiera sabido su destino, entender desde muy joven lo que le estaba pasando a su cuerpo, que sus días habían sido calculados por el destino. Le diría que le estoy agradecida por su sacrificio por educarme en dos idiomas. Nunca tendré la oportunidad de decirle estas palabras a mi madre querida, porque ella perdió su batalla contra el cáncer cerebral hace seis años cuando estaba en sexto grado. A pesar de que estuve ausente en mi vida durante estos años, estoy agradecida por el amor que ella tenía por el idioma, la “música de salsa, el mariachi, la bachata” y la cultura latina. Estoy agradecida con ella por nombrarme Natalí, no Natalie, ¡sino Natalí con acento! Antes de dejar este mundo, me dio la oportunidad de educarme en dos idiomas, me dejó con la herencia de ser bilingüe, biliteraria y bicultural.

Mi nombre es Natalí Machado, y este año me gradué con honores académicos y con el Sello de Alfabetización Bilingüe después de haber sido educado en un programa de doble inmersión durante los últimos 12 años. El mejor regalo que mis padres me dieron fue el del aprendizaje de dos idiomas y exponerme a una rica cultura mexicana y puertorriqueña. Gracias a este regalo, puedo comunicarme con otros y entender lo que significa ser verdaderamente multilingüe y culturalmente competente. Entiendo que es comprender con un corazón empático a alguien que no habla inglés y estar abierto a comprender y valorar otras culturas. Siento que además de ser lingüísticamente competente, soy culturalmente competente debido a mi experiencia educativa y aprecio el idioma y la cultura de otros.

Tener la oportunidad de ser multilingüe me ha inspirado para ser la mejor humanitaria que pueda ser. Como líder estudiantil en mi escuela y en mi comunidad, he tenido la oportunidad de aprender dos idiomas simultáneamente y comenzar una carrera en medicina a una edad joven. El verano pasado, a la edad de 16 años, empecé una pasantía médica con un médico investigador en la escuela de medicina de UCSD debido a mis logros académicos en los dos idiomas. Me siento inspirada para continuar en el camino hacia una carrera médica para brindar atención médica a las comunidades marginadas. Anterior, tuve la oportunidad de participar durante dos años en el trabajo misionero en San Quintín, México, en un campamento de migrantes a través de Médicos Misioneros. Tener la capacidad de hablar con fluidez en dos idiomas me brindó la oportunidad de ser traductora de misioneros adultos y adolescentes que no podían comunicarse con los migrantes. Este trabajo voluntario me ha inspirado a continuar cruzando fronteras para servir como embajadora médica y brindar atención médica a países latinoamericanos. Mis planes en la universidad son continuar con una pasantía médica, así como continuar con el trabajo médico misionero para atender a las poblaciones necesitadas y marginadas en mi comunidad.

Creo que mi éxito académico se atribuye a tener la oportunidad de pensar, hablar, leer y escribir en dos idiomas. Mis habilidades bilingües han mejorado las oportunidades de ser un líder y comenzar una carrera en medicina desde una edad joven. Ser multilingüe continuará abriendo puertas y oportunidades en un mundo globalmente cambiante. Me inspiré en mi investigación médica para un día lograr ser la doctora e investigadora que va encontrar una cura para el cáncer que terminó con la vida de mi madre. Espero asistir a la Universidad de Stanford o la Universidad de California en San Diego y continuar mi camino como doctora bilingüe y continuar con el legado de ser una latina multilingüe de madre mexicana y padre puertorriqueño.
