SB 750 (Mendoza) English Language Instruction
Amended September 1, 2015

Senate Bill 750 (Mendoza) English Language Education is finally on Governor Brown's desk!! He will determine the fate of SB 750 (Mendoza), to sign (and make law) or to veto.

Your continued support and advocacy is needed **NOW** to show Governor Brown how much support there is for this bill. Send an organizational or personal letter to Governor Brown requesting his signature on SB 750 (Mendoza). A "Sample Letter" to the Governor is attached.

SB 750 (Mendoza) revises current law specific to the definitions of a Long Term English Learner and pupils at risk of becoming Long Term English Learners in order for the California Department of Education to more accurately identify these pupils for the purpose of providing appropriate instructional services to these students by their school districts.
